

# *MERCURY CAPRI '83*

**MERCURY**

Mercury Capri RS in Bright Red with optional Michelin TRX tires, forged metric aluminum wheels and T-roof.

## BEYOND BEAUTY

The quest for quality is alive at Lincoln-Mercury. A good example is the 1983 Mercury Capri. This is a car that performs as well as it looks. A car that gives you style and backs it up with substance.

For 1983, Capri's style is enhanced by a new bubbleback design reminiscent of some of Europe's finest sports cars. Notice how the fluid lines curve, then slope, to meet the rear spoiler. The result is

attractive, but also practical. It improves Capri's aerodynamic shape.

When you come face-to-face with Capri you'll discover a newly designed front grille. The solid black surface is outlined in bright trim and is flanked by dual rectangular halogen headlamps. We chose halogen headlamps over other conventional lamps because they cast a brighter, more natural light. They also use less battery current. A

small detail. But a good example of the care and attention we pay to our product.

We've even made improvements in places you don't normally see. Like under the hood. Certain engine components have been repositioned for easier access. And the do-it-yourself items—dipstick, oil filler cap—are painted bright Yellow for easy identification.

Still, some things never change. Like Capri's uncanny ability to take an open

road. It's powered by a 2.3 liter overhead cam engine. With a four-speed mounted next to you on the floor.

If you want more power, just say the words, "High Output." It's the code name for our ultimate engine option: a gutsy 5.0 liter V-8. Matched with a four-speed overdrive manual transmission. For 1983 we've added a 4-barrel carburetor for improved performance.

For handling, Capri responds with rack-and-pinion steering, a front stabilizer bar, power brakes and more. Plus an optional handling suspension for real performance buffs (standard with 5.0 liter engine).

This is a car built for people who love to drive. By people who take great pride in what they do.

*Some of the equipment shown may be available only at extra cost. Please see pages 8 through 11 for specific information regarding standard and optional equipment.*

*Mercury Capri RS interior with optional Sport seats in Black cloth...available fall of 1982.*

## WELCOME TO CAPRI

This is a world where luxuries like fully reclining individual front seats are standard. Where fine quality fabrics are available in a myriad of patterns, colors and textures.

In Capri, you can relax alone. Or with friends. There's enough room to seat four adults. This is possible because of "ergonomics": the branch of technology that deals with man and his relationship to machine. Our engineers study

ergonomics—and human anatomy—in order to bring you seats like those shown here. These optional Sport seats (available fall of 1982) are designed to conform to you. Not the other way around.

Explore a little further. The view from the driver's seat is spectacular. At night, you'll see an instrument panel aglow with information. All the numbers and symbols

are displayed in a fluorescent blue-green light. For clarity and accuracy.

The equipment includes a tachometer to monitor engine RPMs. A trip odometer to record distances and help you compute gas mileage. And two sets of controls mounted conveniently on the steering column. One handles the windshield wiper/washer functions. The other controls the horn, turn signals and dimmer switch. Naturally, all this is standard.

In the rear, you'll find a cargo area that doesn't look like a cargo area. It's fully carpeted, with the same thick fiber that runs along the floor. Even the rear seatback is carpeted to maintain a uniform, attractive look, especially when folded down.

For added convenience, we've also designed a standard removable cargo cover that operates like a window shade. Roll it up for easy accessibility. When you pull it out, it shields the spacious rear cargo area.

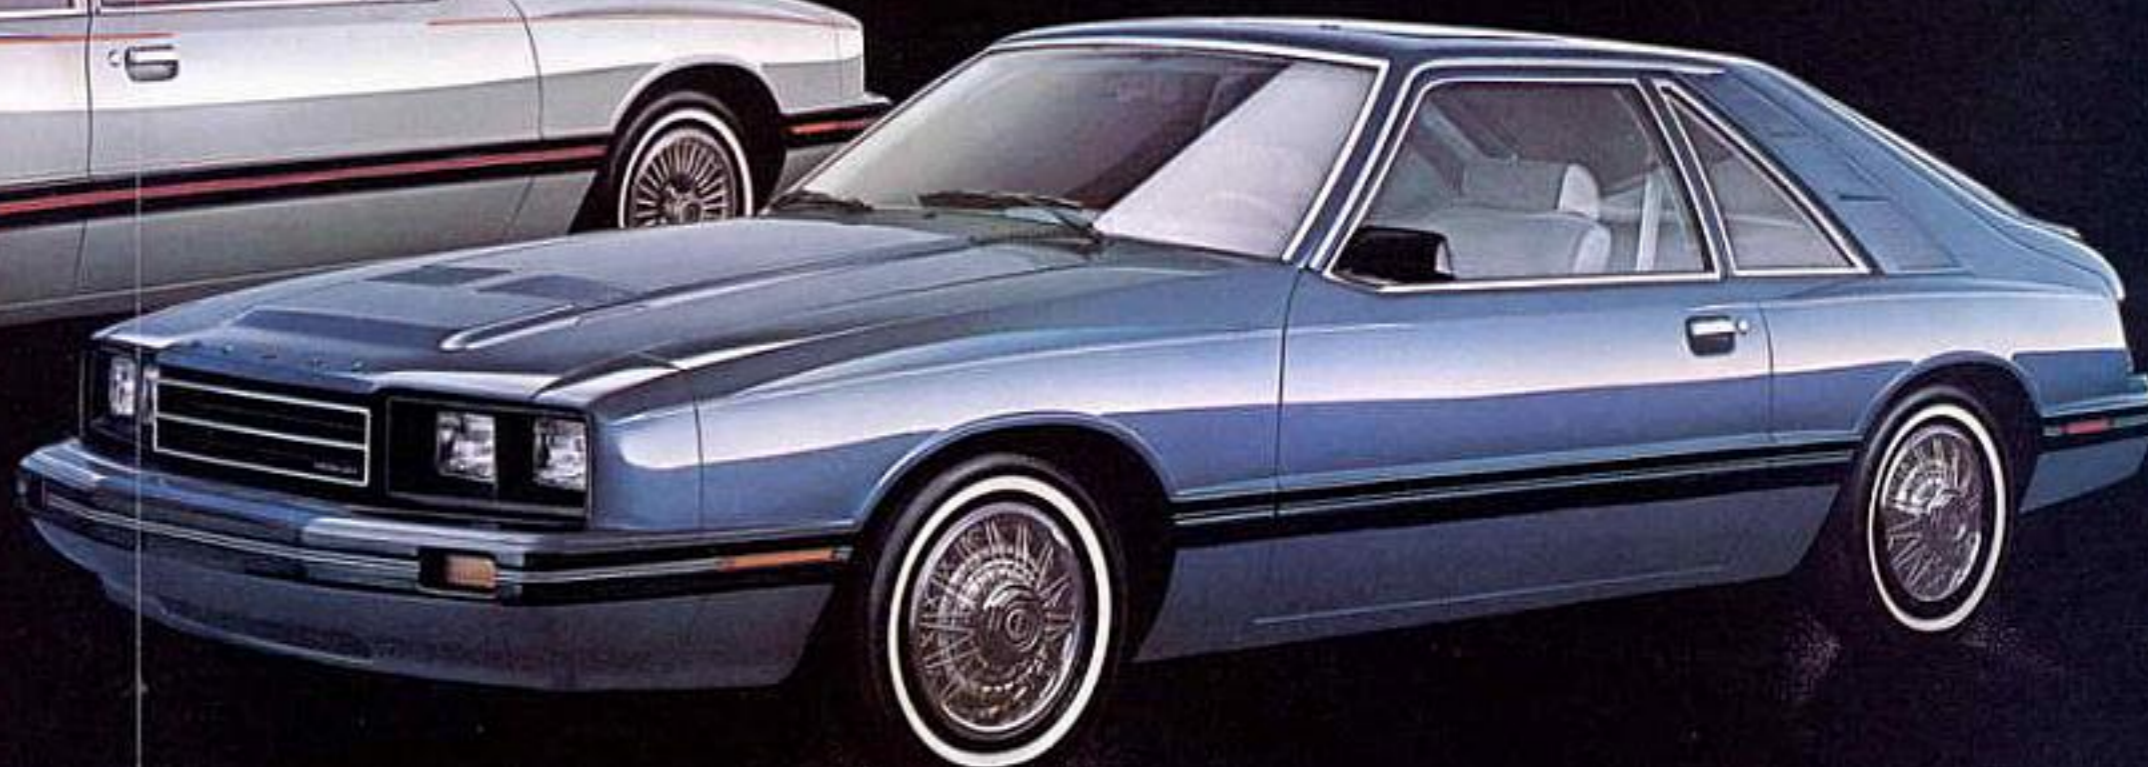

Everywhere you look, you'll find that Capri is a driver's paradise.

*Far left, Black Magic interior. Low-back individual seats with unique Sand cloth seat insert and Black trim.*

*Center, GS interior. Low-back individual seats in Academy Blue cloth, deep 16-ounce carpet, and luxury door trim.*

*Left, GS instrument panel with easy-to-read, easy-to-use instrument cluster and optional leather-wrapped four-spoke luxury steering wheel with speed control option.*

*Left, Mercury Capri Black Magic in Black and Gold with standard forged metric aluminum wheels and optional T-roof.*

*Center, Mercury Capri L in Silver Metallic with optional turbine wheel covers.*

*Right, Mercury Capri GS in Lt. Academy Blue with optional wire wheel covers.*

## TOP CHOICES

If no two people are alike, then—naturally—no two drivers are quite the same either. That's why we offer you a selection of five distinct Capri models.

The Capri L adds to the impressive standard features found on the base Capri. The center console contains an electronic blueprint of the car. We call it the "Diagnostic Warning Center." Its

function: to alert the driver if fuel or washer fluid levels are low; if one of the low beam headlamps is out; or if the brake lights or taillights are malfunctioning.

In addition, there's a digital clock, a front-seat armrest, and upgraded interior trim. That's the Capri L. In short, well-equipped. But you can still add to all this

by choosing the GS, RS, or Black Magic models.

In the GS, the accent is on comfort. You'll notice the carpeting is a little thicker, the seats a little softer. There's even a map pocket resting neatly in the driver's door.

For convenience, we've included our special lighting arrangement. There's a

rear cargo light that turns on automatically when the hatch is opened. There's a light in the engine compartment that does the same when the hood is raised. And inside, we've included a dual beam dome lamp. One beam is directed to the front passenger's seating area, the other to the driver's.

For performance, pick the Capri RS (shown on pages 2 and 3). In addition to the High Output 5.0 liter V-8 engine, standard features include a special handling suspension, Traction-Lok axle and power steering.

And finally, for those who dare, Capri Black Magic. With its distinctive Gold and Black accents. Its hood scoop and

handling suspension system. Its Michelin TRX radial tires and forged metric aluminum wheels. And its special Black and Sand interior. All standard.

Whichever model you select, you'll find that Mercury Capri has something that appeals to the driver in all of us.

# STANDARD FEATURES

## CAPRI STANDARD FUNCTIONAL FEATURES

- 2.3 liter 4-cylinder overhead cam engine
- Four-speed manual transmission, floor-mounted
- High/low ram air ventilation
- Fluidic oscillating windshield washer system
- Inside hood release
- Theft-resistant decklid lock
- Anti-theft door latches
- Power front disc/rear drum brakes
- Rack-and-pinion steering
- MacPherson strut-type front suspension
- Four-bar link design with coil spring rear suspension
- Front stabilizer bar
- Electronic ignition system
- Electronic voltage regulator
- Color-keyed front and rear bumper fascia
- Engine coolant recovery system
- 36-amp-hr maintenance-free battery
- P185/75R14 BSW steel-belted radial tires
- Full fender splash shields
- Center-mounted parking brake
- AM radio\* with dual front speakers
- 15.4-gallon fuel tank with tethered gas cap

\*May be deleted for credit.

## STANDARD INTERIOR FEATURES

- Easy-to-read gauges and instruments
- Two sets of stalk-mounted controls on steering column
  - Horn, turn signals, headlamp dimmer switch and flash-to-pass
  - Windshield washer/wiper
- European-type symbols for operating control designations
- Woodtone instrument panel applique
- Bright window regulator handles
- Bright door-latch handles
- Bright door-lock plungers
- High-back individual seats
- Reclining seatbacks
- Deluxe color-keyed seat belts with tension reliever
- Color-keyed cargo area cover
- Fully trimmed door panel
- Full instrumentation, including tachometer, trip odometer, temperature gauge, ammeter
- Cigarette lighter
- 10-ounce cut-pile carpeting
- Cut-and-score headlining
- Hidden rear seat belt retractors
- 4-spoke sport steering wheel
- Glove box lock
- Passenger door courtesy light switch
- Day/night inside rearview mirror
- Carpeted luggage area
- Fold-down rear seat
- Inertia seatback release
- Driver's sun visor band

## STANDARD EXTERIOR FEATURES

- Bubbleback third door
- Unique color-keyed hood louvers
- Unique color-keyed rear-quarter louvers
- Dual rectangular halogen headlamps
- Black and bright horizontal grille theme

- Black headlamp bezels
- "CAPRI" block letters on hood
- "MERCURY" letters on grille
- Unique fender/quarter panel appearance
- Unique fender and quarter panel dual paint stripes
- Horizontal wraparound taillamps
- Left-hand remote-control sail-mounted mirror
- Unique wraparound extra-wide bodyside molding (Black with accent color dual pinstripes)
- Bright drip moldings
- Black window frame moldings with bright bead accent
- Black cowl grille
- Black windshield wiper arms
- Bright windshield molding
- Aerodynamic wheel covers

## CAPRI L

Includes all Capri standard features *plus* these additions and/or differences:

- "L" name badge on decklid
- Low-back individual seats
- Upgraded door trim
- Console which includes:
  - digital day/date/elapsed time clock and graphic warning display
  - stowage bin with armrest
- Passenger visor vanity mirror
- Improved sound deadening material

# SEATING CHOICES

Standard on Capri are high-back reclining individual seats trimmed in vinyl. Colors are: Black, Medium Red, Academy Blue, Opal, and Walnut. These seats also come in optional cloth (shown) in all the above colors except Opal.

Standard on Capri L and Capri RS are low-back reclining individual seats trimmed in vinyl. Colors are Black, Opal, Medium Red, Academy Blue, and Walnut. These seats also come in optional cloth in all the above colors except Opal...also available in Sand (Capri L only).

Standard on Capri GS are low-back reclining individual seats trimmed in cloth. Colors are: Black, Medium Red, Academy Blue, and Walnut. You may also order optional leather trim (shown) in the same colors, plus Opal.

# EXTERIOR COLORS

## STANDARD COLORS

- Black
- White
- Bright Red
- Medium Red

- Medium Charcoal Metallic
- Dark Academy Blue Metallic

- Midnight Blue\*
- Bright Bittersweet\*
- Light Desert Tan

### CAPRI GS

Includes all Capri L standard features *plus* these additions and/or differences:

- 16-ounce carpeting
- Luxury cloth seat trim
- Luxury door trim
- Driver's door map pocket
- Light Group (see page 10)
- Four-spoke luxury steering wheel with woodtone insert
- "GS" name badge on decklid
- Black right-hand remote-control mirror

### CAPRI RS

Includes all Capri standard features *plus* these additions and/or differences:

- Handling suspension
- RS medallion on instrument panel
- Black brushed instrument cluster and right side appliques
- Leather-wrapped sport steering wheel
- Black grille
- Black window moldings
- Black drip moldings
- Black rear pillar moldings
- Tape treatment (delete pinstripes)
- Hood scoop

- Black door handles and lock cylinders
- Black right-hand adjustable mirror
- Traction-Lok axle with traction bars
- Power steering
- 5.0 liter 4-bbl. High Output engine
- "RS" fender decals
- Low-back vinyl individual seats
- Upgraded door trim
- Right-hand visor vanity mirror
- Console with clock, graphic warning display, and armrest
- P205/70R14 BSW tires
- Improved sound deadening material

### CAPRI BLACK MAGIC

Includes all Capri standard features *plus* these additions and/or differences:

- 15.3" forged metric aluminum wheels painted Gold
- Rally suspension system
- Michelin TRX tires (P220/50R390 BSW)
- Black with unique Gold accent tape stripes
- Blackout treatment
  - Window frames
  - Door handles
  - Lock cylinders
- Black bodyside molding (stripes deleted)
- Gold cat head on fender
- Gold paint on leading edge of grille
- Gold license plate frames
- Hood scoop
- Black right-hand adjustable mirror

- Low-back seats, unique Sand cloth seat insert and Black vinyl bolsters
- Leather-wrapped sport steering wheel
- Gold "CAPRI" nomenclature on hood
- Black brushed instrument panel appliques
- Upgraded door trim
- Right-hand visor vanity mirror
- Console with clock, graphic warning display, and armrest
- Improved sound deadening material

FLIP-UP OPEN AIR ROOF. Easy-to-handle feature lets the

moonlight in—sunshine and fresh air, too.

## Motorcraft

### QUALITY REPLACEMENT PARTS FROM FORD

Your new Capri comes equipped with factory-engineered and approved parts including a dependable Motorcraft battery, shock absorbers, spark plugs, long life oil filters, and motor oil. For continued top performance, be sure to specify genuine Motorcraft parts whenever replacement is necessary.

### MAINTENANCE SCHEDULE

The Ford Motor Company wants to reduce both the frequency and cost of scheduled maintenance on its cars to an absolute minimum. And compared to just a few years ago, we're making strides in that direction. For example, in 1973, an engine oil change was called for each 4,000 miles. For 1983, Capri oil changes are recommended at 7,500-mile intervals. Other recommended intervals are now 30,000 miles between spark plug changes; 30,000 miles between air filter replacements; 52,500 miles or three years between engine coolant replacements. We're proud of these improvements, and we're working constantly to make them even better.

Ford Motor Company's optional Extended Service Plan covers certain selected components on new Lincoln-Mercury cars for longer than the vehicle's basic warranty. The cost is so moderate for the protection you get that it could pay for itself the first time you need it. Ask your Lincoln-Mercury Dealer for complete details of the Plan, which is available on cars sold and normally operated in the 50 United States and Canada.

### FORD-PAID REPAIR PROGRAMS AFTER THE WARRANTY PERIOD

Sometimes Ford Motor Company offers adjustment programs to pay all or part of the cost of certain repairs. These programs are intended to assist owners and are in addition to the warranty or to required recalls.

Ask Ford Motor Company or your Lincoln-Mercury Dealer about such programs relating to your Ford or Lincoln-Mercury vehicle.

To get copies of any adjustment program for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673. In Alaska or Hawaii, call 1-800-243-3711. In Georgia, call 1-800-282-0959 or write Ford at Ford Customer Information System Post Office Box 95427 Atlanta, GA 30347

We'll need your name and address; year, make, model, and vehicle ID no., as well as engine size; and whether you have a manual or automatic transmission.

### TECHNICAL SERVICE BULLETINS

All vehicles need repairs during their lifetime. Sometimes Ford issues Technical Service Bulletins (TSBs) and easy-to-read explanations describing unusual engine or transmission conditions which may lead to costly repairs, the recommended repairs, and new repair procedures. Often a repair now can prevent a more serious repair later. Ask Ford Motor Company or your Lincoln-Mercury Dealer for any such TSBs and explanations relating to your Ford or Lincoln-Mercury vehicle.

To get copies of these Technical Service Bulletins and explanations for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673. In Alaska or Hawaii, call 1-800-243-3711. In Georgia, call 1-800-282-0959 or write Ford at Ford Customer Information System Post Office Box 95427 Atlanta, GA 30347

We'll need your name and address; year, make, model, and vehicle ID no., as well as engine size; and whether you have a manual or automatic transmission. Specifications and descriptions used were in effect when this publication was approved for printing. Lincoln-Mercury Division reserves the right to discontinue options at any time, or change specifications, equipment or designs without notice and without incurring obligation.

Standard and optional equipment listed is subject to change. Some features described are optional at extra cost. Some options are required in combination with other options.

Availability of some features may be subject to a slight delay.
