

MOUNTAINEER  
2005

MERCURY

TAKE COMMAND OF YOUR SURROUNDINGS IN THE 2005 MERCURY MOUNTAINEER. Resolute power emanates from its available 239-hp V-8 engine, while sure-footed agility springs from available All-Wheel Drive (AWD). Inside, seating flexibility allows Mountaineer to be configured for 5, 6 or 7 passengers, all surrounded by the comfort you've come to expect from Mercury. According to R.L. Polk, Mountaineer has achieved the Highest Model Loyalty in its category\* 3 years in a row. With all that Mountaineer provides, that should be no surprise.

\*According to R.L. Polk statistics for the Midsize SUV category in the 2001-2003 model years, Mountaineer ranked highest by having the greatest percentage of households return to purchase or lease another Mountaineer.

Above: Seat 6 in complete comfort with available quad bucket seating. Mountaineer Premier shown in Midnight Grey with two-tone leather-trimmed seating (1st and 2nd rows). Shown on cover: Mountaineer Premier in Black.

### **AdvanceTrac® with Roll Stability Control™ (RSC)**

You'll find this innovative system standard on every 2005 Mercury Mountaineer. By automatically applying the brakes and modulating engine torque to help maintain control whenever it detects wheel slip, understeer or oversteer, AdvanceTrac gives you more control in adverse conditions such as ice, gravel or rain. Class-exclusive\*\* RSC utilizes a gyroscopic sensor to closely monitor the vehicle's roll stability condition and engages AdvanceTrac as soon as an unstable situation is detected, further enhancing vehicle stability under fully loaded conditions and when driving on uneven surfaces. It's peace of mind and driving confidence you can't find anywhere else.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

\*\*Midsize SUV class.

## DISCOVER SOPHISTICATION

### **Rear-Seat DVD Entertainment System**

Keep your passengers happily occupied for hours on end with this fun feature. Available on Luxury and Premier, the system includes a ceiling-mounted 7" flip-down LCD screen, remote control, storage for up to 3 DVDs, and 2 sets of wireless headphones.

### **Safety Canopy™ System**

In certain types of moderate-to-severe side-impact events, or if a rollover is imminent, this available system uses a rollover sensor and side-curtain airbags to provide supplemental head protection for the 1st- and 2nd-row outboard-seated occupants. Mountaineer is also an Insurance Institute for Highway Safety (IIHS) Best Pick†

### **Audiophile Sound System**

Seeking tight bass riffs, clear midrange and crisp highs? The available Audiophile 6-disc in-dash CD changer with 7 premium speakers (including an 8" subwoofer) is the answer. Add SIRIUS Satellite Radio\*\* service for over 120 channels of coast-to-coast music, news and entertainment.

### **Reverse Sensing System**

This available feature audibly alerts you to the proximity of objects behind the vehicle when in Reverse. It's incredibly handy when you're parallel parking or maneuvering your way out of a crowded shopping center.

†Based on 40-mph frontal offset crash test.

\*\*See your Lincoln Mercury Dealer for SIRIUS installation and activation details.

## MOUNTAINEER KEY STANDARD FEATURES

### CONVENIENCE

#### POWERTRAIN/FUNCTIONALITY

- 4.0L SOHC V-6 engine
- Rear-wheel drive (4x2)
