FIVE HUNDRED

WE'VE ELEVATED THE SEDAN

The Ford Five Hundred is designed to elevate not only your view of the road, but your entire driving experience. It begins by offering wide-open vistas to driver and passengers alike, while best-in-class cabin volume accommodates you in spacious elegance. Ingenious engineering lets you out-accelerate cars with more horsepower* and achieve excellent fuel economy at the same time. Advanced structural and safety systems have made Five Hundred the only passenger car to be named an Insurance Institute for Highway Safety "Best Pick Frontal," and earn the government's 5-Star Crash Test Ratings in 4 categories without optional front-seat side airbags. Expansive room, great performance, and outstanding safety ratings take the full-size sedan to new heights in Ford Five Hundred.

BUILT FOR THE ROAD AHEAD.

*Based on AMCI-Certified testing of 2005 Ford Five Hundred SE FWD, 2005 Chrysler 300 Touring, 2004 Toyota Camry XLE V6 and 2004 Chevrolet Impala LS.

WELCOME TO CRUISING ALTITUDE

From the driver's seat of Ford's flagship sedan, quality is evident everywhere you look. The elegant interior is crafted with soft-touch surfaces on the instrument and door-trim panels. Satin-aluminum accents and flush-mounted controls please the eye. Woodgrain-appearance trim, and a leather-wrapped steering wheel and shift knob highlight Five Hundred SEL. Distinctive cream-colored gauges and a classic oval analog clock grace the Limited (shown). Command Seating™ fulfills the promise of its name, giving the driver and front passenger a commanding view of the road by elevating their seats. Expansive windows enhance the effect of the raised seating. A wide-open view of the road and clear sight lines all around make driving easier, and the seat height even makes entry and exit more comfortable. The handsome, spacious cabin of Ford Five Hundred is designed to heighten your comfort and enjoyment, and that means a more pleasant trip no matter where you land.

AN ENTERTAINING GUIDE

Available Audiophile® Sound/DVD Navigation System — Its 6-disc in-dash CD changer with MP3 capability and AM/FM satellite-ready stereo receiver, powerful amplifier, and 12 speakers (including subwoofers) deliver crystal-clear digital audio. The Navigation System features a 6.5" color LCD screen that presents high-quality graphics, plus touch-screen simplicity that makes it intuitively easy to use.

APPLAUSE, APPLAUSE

NEW available DVD Family Entertainment Center — Bring along your family's favorite music, movies and more. This rear-seat system features a bright 7" screen, plus 2 wireless headphone sets for tangle-free use.

ENJOY WIDE-OPEN SPACES

The luxury of exceptional space can do wonders for the human spirit. Ford Five Hundred applies this knowledge to the sedan. For total passenger volume, and rear-seat head and leg room, you won't find a more spacious sedan in its class. And it isn't just the 108.3 cu. ft. of space, but all that it can do. Ample seating gives 5 adults room to stretch out and relax, while the generous glass area gives the full-size interior an airy feel. Rear-seat passengers enjoy large footwells under the front seats courtesy of SPACE Architecture.™ From pampering passengers to carrying home-improvement supplies, Five Hundred proves to be both elegant and functional in ways unmatched by any other sedan in its class. Whether you're enjoying responsive performance from the driver's seat or ferrying home a new piece of art – luxury, comfort and wide-open spaces are the order of the day, making Ford Five Hundred the most accommodating full-size sedan you can drive.

LONG ON VERSATILITY

To easily transport longer items, simply fold down the split-folding rear seatback and the fold-down front-passenger's seat (SEL and Limited only), and slide them in through the trunk.

THE LARGEST TRUNK OF ANY SEDAN

Best-in-Class Luggage Capacity — With a mind-boggling 21.2 cu. ft. of space, Ford Five Hundred's trunk is large enough to hold 8 full-size golf bags, which pairs nicely with Five Hundred's best-in-class passenger volume of 108.3 cu. ft. In the space race, it appears there are 2 categories of full-size sedans: Ford Five Hundred, and all the rest.

TWO WORDS SAY IT ALL: “BEST PICK”

That's what the Insurance Institute for Highway Safety has named Ford Five Hundred, and it's more than appropriate. Five Hundred is the only passenger car to earn IIHS "Best Pick Frontal" status *plus* the government's 5-Star Crash Test Ratings in 4 categories – without its optional front-seat side airbags. Sophisticated engineering has created a unique structure that is stronger in specific areas to help resist intrusion. Other components are designed to collapse or channel energy away from occupants. Standard safety features include the Personal Safety System[®], as well as 3-point safety belts at all 5 seat positions. Limited models have adjustable head restraints at all outboard seat positions. And the available Safety Canopy[™] System, with its special rollover detection sensor, is a class-exclusive. Front-seat side airbags are also available for even more peace of mind. So when you're comparing sedans, see how many match the safety ratings of Five Hundred. You'll soon discover which car is the best pick for you and your family.

AN OVERALL APPROACH

Personal Safety System and Front-Passenger Sensing System – Enhanced protection for both driver and front passenger. A network of smart sensors controls the deployment of the dual-stage front airbags in just the right manner, at just the right time.

Patented Safety Canopy System – Five Hundred is the only sedan in its class to offer an airbag canopy system that also incorporates a rollover detection sensor. Front-seat side airbags enhance chest protection, while Safety Canopy airbags enhance head protection for outboard passengers in both rows of seats. In a rollover or side-impact collision, within milliseconds, sensors determine which of the airbags to deploy. With the Safety Canopy System, Five Hundred stands as a leader in sedan side-impact and rollover protection.

BUILT TO OUTPERFORM

When the flag drops, Ford Five Hundred accelerates faster than many competitive sedans with larger engines and more horsepower.* By pairing the torque-laden power of its 3.0L Duratec 30 V6 engine with its class-exclusive Continuously Variable Transmission (CVT), Five Hundred's 0-60 time of 7.45 seconds beats the 250-hp Chrysler 300 Touring (8.00 seconds). Ford Five Hundred is the only sedan in its class to offer a Continuously Variable Transmission as well as a 6-speed automatic.** Either transmission delivers remarkably smooth power and quick acceleration from the Duratec 30 V6 engine. State-of-the-art powertrain modules use "drive-by-wire" technology to control the electronic throttle for immediate response and seamless integration with other drive systems. The end result: expertly applied, highly responsive power in both front-wheel-drive and All-Wheel-Drive models. With its advanced powertrain technology, Five Hundred is both quick and efficient. Now you can experience the future of sedan performance. You'll find it behind the wheel of a Ford Five Hundred.

TOP OF THE CHARTS

Both the 6-speed automatic transmission and the Continuously Variable Transmission use engine torque so efficiently that they optimize performance. The charts above show how Five Hundred tops some serious competition in merging/passing distance and in acceleration from 0-60 mph.

*Based on AMCI-Certified testing of 2005 Ford Five Hundred SE FWD, 2005 Chrysler 300 Touring, 2004 Toyota Camry XLE V6 and 2004 Chevrolet Impala LS.

**Excludes other Ford Motor Company vehicles.

DRIVING DYNAMICS

The road-gripping confidence of available All-Wheel Drive (AWD) is yours for the asking in Ford Five Hundred. In normal conditions, this proven system operates in front-wheel-drive mode. But as soon as any wheel slip is detected, the AWD system automatically sends power to the wheels with the most traction. It reacts almost instantly to help maintain grip in rapidly changing conditions. And Traction Control allows the system to direct power side to side on each axle, so you can move forward even if only one wheel has grip. Its Volvo-inspired chassis and leading-edge technology make Five Hundred as at home on a twisting ribbon of blacktop as it is on the interstate. Command Seating™ and expansive glass keep you in touch with the road ahead. And a finely tuned suspension, standard anti-lock disc brakes, and precise steering help you react to any road condition with confidence and authority. So don't be surprised to find yourself looking for more interesting ways to get from here to there. Ford Five Hundred can bring out the dynamic driver in anyone.

SEAMLESS TECHNOLOGY

HALDEX® All-Wheel-Drive Coupler — This is the heart of Five Hundred's AWD operation, where the system transmits power to the rear axle and wheels. Activation is seamless, smooth and lightning-fast. As soon as a front wheel begins to slip, the rear axle gets power to aid traction.

HALDEX is a registered trademark of Haldex, AB.

ROOM FOR BIG BRAKES

Large Rotors and Pads — Standard 17" wheels (18" on Limited models) allow room for large rotors and disc-brake pads to aid in braking power and response time. Aluminum dual-piston front calipers deliver excellent braking force, while low-metallic pad materials achieve strong performance and minimize brake dust.

MODEL LINEUP

Each trim level includes the standard equipment of the previous series, except where additions/exceptions are noted.

SE

- Anti-lock Brake System (ABS)
- Front-Wheel Drive
- Black Grille with Chromed Surround
- Body-Color Door Handles

New-Vehicle Limited Warranty

We want your Ford Five Hundred ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Choose the insurance program that's designed for your vehicle — Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan** (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP backed by Ford Motor Company and honored at all Ford dealerships.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at www.fordcredit.com.

Designed for your vehicle by the company that built your vehicle, Genuine Ford Accessories provides many choices, professional dealer installation, and strong warranty protection. Discover the quality difference of Genuine Ford Accessories. See dealer for limited warranty details.
