LINCOLN  
2008 MKX

2008 Lincoln MKX in Vapor Silver Metallic.  
Shown with available equipment.

At the touch of a button, its available panoramic, all-glass Vista Roof™ can saturate the cabin with light. With each turn of the steering wheel, available adaptive headlamps pivot in the same direction, improving visibility. And with the sound of your voice, control of the revolutionary, all-new Lincoln SYNC™ customizable media system and available Navigation System is yours. In the 2008 Lincoln MKX, the sky truly is the limit.

## LINCOLN 2008 MKX

2008 Lincoln MKX with available Ultimate Package. Premium leather-trimmed seats in Charcoal Black feature contrasting seat piping, while Figured Maple wood trims the instrument panel, door-trim panels and steering wheel. Shown with available equipment.

In Lincoln MKX, you'll take in everything from the "Active Comfort" of its leather-trimmed seats. This seat contour design allows you freedom to move with the vehicle, while still fitting smoothly and supportively around you. It's much like a pair of good running shoes. The special contours also help reduce pressure points and fatigue, providing outstanding short- and long-term ride comfort.

LINCOLN  
2008 MKX

2008 Lincoln MKX with available Ultimate Package. Premium leather-trimmed seats in Light Camel feature contrasting seat piping, while Ebony wood trims the instrument panel, door-trim panels and steering wheel. Shown with available equipment.

Heated and cooled front seats keep occupants comfortable, no matter what the temperature is outside. Exceptional rear-seat leg room and reclining rear seatbacks allow passengers to relax, especially while they're gazing through the panoramic Vista Roof<sup>™</sup>. Heated rear seats<sup>1</sup> increase the comfort level even more.

<sup>1</sup>Available feature.

LINCOLN  
2008 MKX

ACHIEVE A NEW PERSPECTIVE.

Towering skyscrapers. A canopy of stars. Or the first snowflakes of winter. With the available panoramic, all-glass Vista Roof,<sup>™</sup> these views and more are possible on every drive in Lincoln MKX. A large forward panel provides an expansive opening that's over three times larger than the average moonroof. Open it and a wind diffuser raises automatically to limit wind noise. A fixed rear panel gives passengers an outside view as well, while dual power sunshades keep the cabin cool and protect passengers and interior fabrics from the sun's ultraviolet (UV) rays.

On models equipped with the Vista Roof, a dealer-installed Headrest DVD Entertainment System<sup>1</sup> (shown above) offers an incredible inside view as well. Two totally independent 7" color TFT LCD widescreen monitors, incorporated into the driver and front-passenger head restraints, will delight children and entertain friends. Featuring fully integrated top-slot loading players, two dual-channel infrared headphones and a remote control, this available system allows rear-seat passengers to view different sources on each screen or the same source on both. A factory-installed Rear-Seat DVD Entertainment System is available as well.<sup>2</sup>

<sup>1</sup>Headrest DVD Entertainment System is available through your Lincoln Dealer as a Dealer-Installed Ford Licensed Accessory. See dealer for details.

<sup>2</sup>Rear-Seat DVD Entertainment System not available with Vista Roof.

THX II CERTIFIED AUDIO SYSTEM

A *Detroit News* auto critic describes the THX® II Certified Audio System as a "cinematic quality system that will blow any audiophile away."

DON'T MISS A BEAT WITH THESE SYSTEMS.

Bring surround-sound excitement to sweeping curves and long straightaways with the available THX II Certified Audio System. Maximizing the benefits of the standard AM/FM stereo and 6-disc in-dash CD changer with MP3 capability, the THX II Certified Audio System features 14 speakers that deliver rich sound. A sophisticated processor provides spectral balance, wide dynamic range and superior acoustic performance. Rich, deep bass emanates from one 8" rear subwoofer. Power — and that's 600 watts — is supplied by 12 amplifier channels. And acoustical depth pulses from the patented THX Configurable Speaker Array (CSA) located in the center of the instrument panel. If that's not enough, standard SIRIUS Satellite Radio<sup>1</sup> provides access to over 130 channels of news, sports, personalities and commercial-free music. A courtesy 6-month subscription to the SIRIUS service is included.

With nearly two million points of interest covered, Lincoln MKX's available voice-activated Navigation System will serve as your most trusted advisor. Featuring a brilliant 6.5" color screen and six presets for quick access to destinations you'd like to keep stored, the system computes complex routes in the time it used to take just to unfold the map. With 11 different ways to program destinations, using criteria such as shortest route or drive time, you can customize the display and prompt options for optimum convenience. And since the system stores the last 25 routes, finding your way has never been easier.

<sup>1</sup>Service not available in Alaska or Hawaii. See your Lincoln Mercury Dealer or contact SIRIUS at 1-888-539-7474 for more information.

**SYNC**  
Powered by **Microsoft**

PRESENTING THE NEW STANDARD FOR IN-VEHICLE COMMUNICATIONS.

Lincoln SYNC™ developed in association with Microsoft®, is a standard, voice-activated, customizable media system that integrates the devices you own with your Lincoln vehicle. With Microsoft Auto software actually embedded in the vehicle, SYNC allows you to operate most Bluetooth-enabled mobile phones<sup>1</sup> and most digital media players<sup>1</sup> using simple voice commands. To play a song or make a call, just say the word — in English, French or Spanish — and SYNC responds.

CONNECT LINCOLN MKX WITH YOUR PHONE.

Once you've paired your Bluetooth-enabled mobile phone with SYNC, simply press the "Voice" or  button on the MKX steering wheel, say CALL and the name of the person you want to reach, and SYNC will automatically place the call. To answer incoming calls, press the "Phone" button. And if you're in the middle of a conversation while entering MKX, SYNC will seamlessly transfer the call to the vehicle hands-free system so you won't miss a word.

CONNECT LINCOLN MKX WITH YOUR MEDIA PLAYER.

**STEP 1:** Connect your digital media player to SYNC's USB port. **STEP 2:** Press the "Voice" or  button and simply say "PLAY TRACK (your favorite song)." **STEP 3:** Crank up the volume on the audio system and enjoy for miles. And because your compatible media player is plugged into the USB port while MKX is running, SYNC charges the device. So just start talking. SYNC will do the rest.

<sup>1</sup>Some mobile phones and some digital media players may not be fully compatible. Go to SyncMyRide.com for more details.

Driving while distracted can result in a loss of vehicle control. Only use mobile phones (even with voice commands) and other devices not essential to driving when it is safe to do so. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc. Microsoft is a registered trademark of Microsoft Corporation.

#### GET INSPIRED BY ITS CAPABILITIES.

The 2008 Lincoln MKX has more than enough power to keep your ambitions in high gear. Its 3.5L Duratec V-6 engine produces a lively 265 hp and 250 lb.-ft. of torque. It's so inspiring, in fact, that the V-6 was named one of *Ward's* 10 Best Engines<sup>1</sup> in their 13th annual competition. Excellent launch and acceleration performance are delivered by a 6-speed automatic transmission, which actually adapts to your driving style to tailor shifts accordingly. Add the optional Class II Trailer Tow Package, and Lincoln MKX can tow up to 3500 lbs. For more capability in all weather conditions, an optional Intelligent All-Wheel-Drive (AWD) system makes any drive even more exhilarating. This on-demand AWD system constantly monitors driver and vehicle inputs, predicts traction and delivers the appropriate amount of torque to all four wheels, reacting before wheel slippage can even occur. Together with standard AdvanceTrac<sup>®</sup> with RSC<sup>®</sup> (Roll Stability Control<sup>™</sup>), it can transfer torque both front to rear and side to side, keeping Lincoln MKX moving even if only one wheel has traction.

A solid foundation contributes greatly to the smooth handling characteristics of Lincoln MKX's luxury-tuned, fully independent front and rear suspension. The MacPherson strut front suspension, mounted to an isolated subframe, employs hydrobushings to reduce unwanted steering wheel vibration. The shock absorbers for the independent rear suspension are mounted outboard and behind the wheel center to help maximize rider comfort and increase driver control. To slow any of MKX's three wheel choices — including the available 20" chrome-clad aluminum wheels — a 4-wheel disc Anti-lock Brake System is standard.

<sup>1</sup>WardsAuto.com, January 2007.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

2008 MKX

#### TURN FOR BETTER VISIBILITY.

Picture this scenario. It's late at night. You're visiting a city for the first time. The road twists and turns. There are no familiar landmarks to lead the way. As you navigate sweeping curves, your headlamps — your only source of light — pivot with each turn of the steering wheel to increase your down-the-road visibility. That's exactly what will happen with the available adaptive headlamps on the 2008 Lincoln MKX. Based on steering wheel angle and vehicle speed, motorized halogen low-beam projector headlamps turn in the same direction that Lincoln MKX is turning. The results are quite illuminating. When compared to conventional headlamps, this simple swiveling action makes up to 36 more feet of the roadway visible around a curve. You'll see better at night and have more time to react to obstacles ahead. From the rear, other drivers will clearly see Lincoln MKX at night because of the full-width illumination of its elegant rear lighting panel. Flanking the prominent Lincoln Star that centers the liftgate, 16 Light-Emitting Diodes (LEDs) will quickly let others know who they're following.

# LINCOLN 2008 MKX

## READY AND STABLE.

AdvanceTrac® with class-exclusive¹ RSC® (Roll Stability Control™), standard on every Lincoln MKX, is an electronic stability enhancement system that actually measures what other manufacturers' systems ignore or can only estimate. Our system features a vehicle-roll motion sensor that directly measures the vehicle's roll-rate at least 100 times every second to help determine when and how it will utilize AdvanceTrac's Anti-lock Brake System (ABS), traction control and yaw control to help keep all four wheels of Lincoln MKX firmly planted.

An array of six standard airbags enhances protection in Lincoln MKX. Driver and front-passenger coverage includes dual-stage front airbags and front-seat side airbags, while all outboard passengers benefit from the side-curtain airbags in the Safety Canopy® System. In certain types of side impacts, these airbags deploy from the headliner to cover both rows of the vehicle. Additional protection for the driver comes from a stroking steering column, which functions like a shock absorber to help reduce impact to the chest in the event of a frontal crash.

¹Luxury Midsize 5-Passenger Crossover class.

Equipped with standard AdvanceTrac with Roll Stability Control, Lincoln MKX is an Insurance Institute for Highway Safety (IIHS) "Top Safety Pick." Rigorous IIHS criteria includes a 40-mph frontal offset crash test assessing structural design, a side-impact crash test simulating what it's like to be struck by an SUV or pickup, and a rear crash-protection test focusing on whiplash prevention. Lincoln MKX earned the highest rating in all three categories.

LINCOLN  
2008 MKX

## Standard Equipment

Performance

- 3.5L Duratec 35 DOHC 24-valve aluminum V-6 engine with 265 hp @ 6250 rpm, 250 lb.-ft. of torque @ 4500 rpm, 10.3:1 compression ratio, sequential multi-port fuel injection and variable cam timing
- 6-speed automatic transmission
- Front independent suspension with MacPherson struts and L-shaped lower control arms with isolated subframe and stabilizer bar
- Front-wheel drive
- Fuel tank capacity — 19-gallon FWD, 20-gallon AWD
- 18" 8-spoke machined-aluminum wheels with Euroflange
- P245/60R18 all-season BSW tires
- Power 4-wheel disc brakes with Anti-lock Brake System (ABS)
- Power rack-and-pinion steering
- Rear 4-link independent suspension with trailing blades, integrated knuckle and lateral links, isolated subframe and stabilizer bar

Interior

- 5-passenger seating
- Assist handles for rear seat
- Auxiliary audio input jack located inside center console
- Carpeted front and rear floor mats
- Chrome door handles
- Coat hooks (2)
- Dual-zone Electronic Automatic Temperature Control
- Front center console with floor shifter, armrest, 2 cupholders, clamshell tray and divider
- Wood accents in Figured Maple or Ebony on instrument panel, door-trim panels and steering wheel
- Leather-trimmed, heated and cooled front seats with 10-way power, including lumbar support, driver-side memory and easy-entry features
- Leather-trimmed 60/40 split-fold, reclining rear seats with 2-way outboard head restraints and fold-forward center head restraint with armrest (with 2 cupholders)
- Lincoln SYNC™ voice-activated communication and entertainment system
- Overhead console with front-seat map lighting and sunglasses storage
- Particulate air filtration system
- Power points (4)
- Premium AM/FM audio system with 6-disc in-dash CD changer and MP3 capability
- Brite-nickel accents on steering wheel, center console and door-trim panels
- SIRIUS Satellite Radio, including SIRIUS Satellite Radio receiver, SIRIUS Satellite Radio low-profile antenna, and 6-month courtesy subscription to SIRIUS
- Sun visors with illuminated mirrors

Hidden away in the center console is a power point to charge your phone and an audio input jack that allows you to plug-and-play your digital media player through the speakers.

The large center console of Lincoln MKX has a removable divider that allows you to customize this space for your CDs or handbag.

Heated and cooled front seats provide three warm and three cool settings.

Complimentary maintenance makes driving your Lincoln even more of a pleasure. Simply bring it to an authorized Lincoln service center, and scheduled maintenance will be performed at no charge throughout your first year of ownership or 15,000 miles, whichever comes first. Additional peace of mind comes from a 4-year/50,000-mile bumper-to-bumper New Vehicle Limited Warranty that covers repair, replacement or adjustment of parts at no additional cost, as well as a 6-year/70,000-mile powertrain limited warranty which features no deductible and is fully transferable. And Roadside Assistance for 6 years or 70,000 miles provides the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Lincoln Mercury Dealer will provide complete details on all of these privileges.

Instrumentation  
Driver Controls

- Accessory timed delays with theater-dimming lighting
- Auto-dimming rearview mirror
- Instrument cluster with electro-fluorescent lighting
- Leather-wrapped shifter knob
- Leather-wrapped steering wheel with cruise and audio controls
- Message center
- Power windows with global open and one-touch-up/-down driver and passenger-side feature
- Tilt/telescoping steering column

Exterior

- Bi-color combination taillamps and full-width LED lighting panel
- Black painted spoiler
- Center high-mounted stop lamp on liftgate spoiler
- Chrome beltline molding
- Dual chrome exhaust tips
- Fog lamps with chrome bezel
- Jewelled chrome grille with integrated Lincoln Star
- Power, heated, chrome-capped sideview mirrors with memory, security approach lamps, and driver-side auto-dimming feature
- Quad-beam halogen headlamps with autolamp feature and wiper activation
- Reverse Sensing System
- Solar-tinted front glass with rear privacy glass

Security  
Safety

- Personal Safety System® for driver and front passenger, with dual-stage front airbags<sup>1</sup>, safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver-seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Belt-Minder® safety belt reminder for driver and front passenger
- Child-safety rear door locks
- Front-seat side airbags<sup>1</sup>
- Height-adjustable safety belts
- Illuminated entry
- LATCH provides lower anchors and tether anchors for child-safety seats in all rear seating positions
- Perimeter anti-theft alarm
- Remote keyless-entry system with illuminated keypad on driver door
- Securilock® passive anti-theft ignition system
- Side-intrusion door beams
- Safety Canopy® System with side-curtain airbags<sup>1</sup> for front and rear-outboard passengers, and rollover sensor
- Tire Pressure Monitoring System (excludes spare)

Available heated rear seats coddle passengers seated comfortably there.

The available Rear-Seat DVD Entertainment System makes long trips seem much shorter for passengers seated in the back.

An available EasyFold™ rear seatback release lets you create a flat cargo loadfloor in seconds by simply pushing and holding a button in the rear cargo area.

<sup>1</sup>Always wear your safety belt and secure children in the rear seat.
