FORD'S ALL-NEW
EDITION OF
AMERICA'S ALL-TIME ECONOMY CHAMP

New falcon '70½ Bigger and stronger to help you save in comfort

Meet Falcon '70½ . . . newest Ford that puts economy ahead of all but comfort and good looks. America's all-time economy champ has added inches where they do the most good. It is now nearly two feet longer and three inches wider. Six full-sized adults have all the hip, shoulder, leg room they need. And the new '70½ Falcon Wagon gives you 85.2 cubic feet of cargo space.

Note the crisp, perfectly proportioned lines of the beautiful 2-Door Sedan and 4-Door Wagon you see here (and 4-Door Sedan illustrated on cover). Dramatic, contemporary styling without equal at a compact price.

Underneath, monocoque construction provides a stronger, more durable body unit—like that used by modern aircraft. Fashion-right interiors feature foam-padded, easy-care, long-wear all-vinyl seats. A Locking Steering Column and new Uni-Lock Harness (that buckles shoulder and lap belts with one connection) are standard.

Falcon '70½ moves nimbly, quietly, with a remarkably smooth, road-leveling ride, easy handling, superb parkability. A hard-muscled, money-saving 250-cu. in. Six and fully synchronized 3-speed manual transmission are standard. So are Ford Motor Company Life-guard Design Safety Features, and Twice-a-Year Maintenance features which keep operating costs Falcon-low. Options include six V-8's (four for Wagon) up to 429 cubic inches (see page 4).

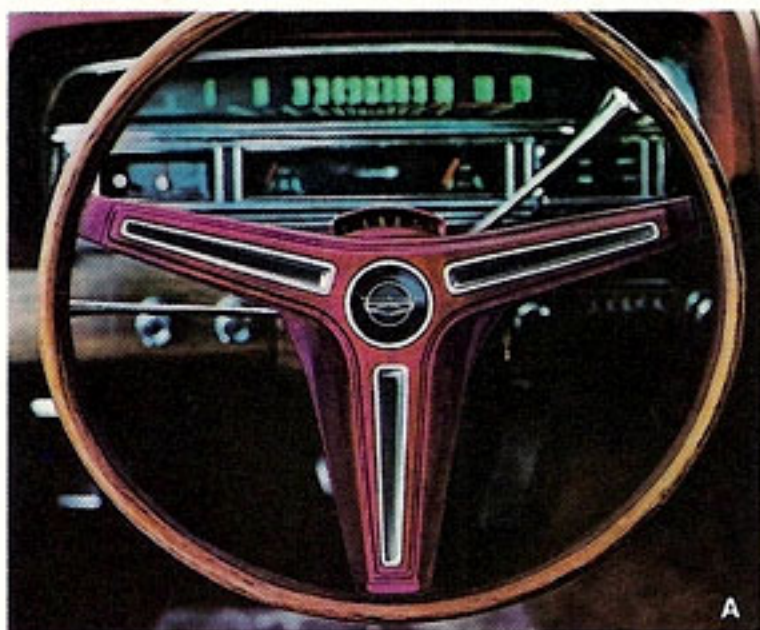

Falcon '70½ adds up to economy that never looked or felt so good. Test-drive one soon at your Ford Dealer's and prove it to yourself.

Handsome all-vinyl interior with matching trim comes in black and medium blue (all models), plus light nugget on Sedans, medium ginger on Wagon.

Beautiful new Falcon '70½ 2-Door Sedan, 4-Door Wagon (above), 4-Door Sedan shown on cover.
