## THE 1983 CHRYSLER NEW YORKER FIFTH AVENUE

The Best Luxury Car Value in America.

Here is a car with charisma; one that proudly reflects an image of prestige. Here is a car that causes bystanders to stop and take notice. A car whose very presence you and others can feel.

The 1983 Chrysler New Yorker Fifth Avenue Edition.

This automobile is truly one of a kind—distinctive in its classic appearance, extremely smooth to drive, yet rock-solid with all of Chrysler's quality. In fact, Chrysler Corporation feels so confident about its quality that upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transmission, and axle—plus outer panel rust-through protection—to five years/50,000 miles, whichever comes first. A deductible applies. See your dealer for details.

You're someone special. And so is the New Yorker Fifth Avenue Edition. Together you could be the talk of the town.

Some of the equipment shown or described throughout this catalog is available at extra cost.

The classic stance of the New Yorker Fifth Avenue Edition, shown in Pearl White with landau roof and Red leather 60/40 seating.

The luxury of the New Yorker Fifth Avenue Edition's optional leather interior, shown in Blue with leather 60/40 seating.

**About this catalog.** We have tried to make this catalog as complete as possible, and we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Your dealer has details, and you should ask him for current information before ordering.

## THE 1983 CHRYSLER NEW YORKER FIFTH AVENUE

And you thought luxury like this was a thing of the past . . .

Just when you thought you'd never experience true luxury in a car again, along comes the 1983 Chrysler New Yorker Fifth Avenue Edition.

The look of luxury is in its aristocratic grille . . . the distinction of its optional wire wheel covers . . . the formality of its padded landau roof . . . the thoughtful attention to quality through the extensive use of galvanized sheet metal panels and pre-coated steel in critical areas along with the seven-step dip-and-spray process to help prevent corrosion. This process enables Chrysler to offer five year/50,000-mile outer body rust-through protection.

The essence of this Chrysler's luxury is in interior appointments that constantly remind you of its elegance.

The Chrysler New Yorker Fifth Avenue Edition possesses all the standard appointments you'd expect: luxury two-spoke steering wheel, premium wheel covers, distinctive Pentastar hood ornament, special sound insulation, and accent stripes.

And it possesses some standards that you might not expect: air conditioning, power windows, power steering and brakes, automatic transmission, electronic digital clock, dual remote mirrors, and tinted glass.

Yes, just when you thought true luxury had disappeared, here is Chrysler's New Yorker Fifth Avenue Edition.

Looking fit and elegant, the Chrysler New Yorker Fifth Avenue Edition shown in Nightwatch Blue with Dark Blue landau roof.

## Optional 5/50 Protection Plan Coverage

Chrysler Corporation offers a 5/50 "Added Coverage" Service contract for your new Chrysler New Yorker Fifth Avenue Edition which provides protection against rising service and parts costs for specified major repairs not included in the 5/50 limited warranty. Coverage starts on the specified components in the plan after your vehicle's "basic" 12-month/12,000-mile limited warranty expires on these components and continues for five years or 50,000 miles (whichever occurs first) from the vehicle's original warranty start date. A deductible applies. The plan provides an allowance for alternate transportation and towing.

Ask your dealer for details.

## Consider Leasing From the Leasing Professionals

In these days of tight money and high interest rates more consumers are considering leasing as an alternative to buying. Leasing a 1983 New Yorker Fifth Avenue Edition usually eliminates large down payments and often results in lower monthly payments because you're paying only for that portion of the car life under the leasing agreement.

Leasing could be right for you, and the more you learn about it the more likely you are to consider it seriously. If leasing sounds like a sensible solution to your transportation needs, talk it over with us—your leasing professionals.
