

1980 DODGE DIPLOMAT

Diplomat S-Type Two-Door is lightweight blue.

DIPLOMAT TWO-DOOR. A NEW LOOK OF LUXURY.

The lines are clean and classic. The interiors, tasteful... even elegant. The ride, smooth. The handling, responsive. This is our Diplomat of the '80's. Redesigned to make it the richest looking mid-size Dodge ever... and the brightest new personality in its class. Expressive in design and style, yet surprisingly easy to own.

It may surprise you to know that our new Diplomat two-door is trimmer than last year's model. For all its affability, the Diplomat two-door still offers the look and feel of a more expensive mid-size car. In fact, we think you'll agree that our 1980 edition is the most luxurious-looking Diplomat two-door ever.

It's evident from every angle. The style is crisp and contemporary. With bold new front-end styling. A fresh new roof treatment. And smooth new sheet metal. All highlighted by new two-tone paint combinations available for the very first time on Diplomat.

For all their exterior loquaciousness, the Diplomat, Sedan and Medallion two-doors actually offer slightly more front and rear headroom and rear shoulder room than before... for greater comfort. For greater convenience, 60/40 seats and low-back bucket seats have a new driver's-side automatic inertia seatback latch and passenger-side easy-entry system.

In addition, all Diplomats offer handsomely upholstered seating complemented by a richly accented instrument panel, thick carpeting and standard convenience features. Like power steering, power brakes and an automatic transmission. For a new feel of luxury. To go with our Diplomat's luxurious, new look.

Diplomat Medallion Two-Door

Introducing Diplomat S-Type Coupe. A new level of driving excitement.

There's never before been a Diplomat so attuned to the open road, so dramatic in its driving style, as the new S-Type coupe (shown an opposite page).

You'll know the S-Type by its special look. Color-keyed road wheels, dual remote control sport mirrors and bold body stripes outside. And inside, high-back cloth bucket seats, luxury steering wheel and brushed-aluminum finish instrument cluster cover, floor moldings and glove box door insert.

You'll admire this mid-size sport coupe's special way with a road. Steel-belted white sidewall radial tires, high-visibility halogen headlights and an optional Handling Package work together to produce a responsive, yet refined, road car.

S-Type. A stunning new addition to the 1980 Diplomat lineup.

About this catalog.

We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and you should ask him for current information before ordering.

1. A three-spoke steering wheel and brushed finish bezel highlight the S-Type instrument panel (shown with the optional-AM/FM stereo radio with eight-track tape player).

2. The high-back cloth bucket seats shown are standard on the S-Type. They're offered in blue, red, leather or cashmere.

Diplomat four-door

DIPLOMAT FOUR-DOOR. NEW ELEGANCE IN THE MID-SIZE CLASS.

When we redesigned our Diplomat four-door for 1981, we were determined to make it the most elegant sedan in the mid-size class. We think you'll agree that we've succeeded. With its dramatic new front-end design, smooth flanks, squared-off fenders and formal roof, the new Diplomat looks far richer and more distinctive than its very affordable price would make it seem.

The same holds true for its interior appointments. Diplomat's handsome standard cloth-and-vinyl seats. The luxurious crushed velvet upholstery that's standard on Medallion four-door. The rich leather that's optional, also on Medallion. Underfoot you'll find thick color-keyed carpeting in every Diplomat model... even in the trunk on the Medallion. You'll face a woodtone-finished instrument panel with deep-set dials and gauges. Overhead, on Medallion, there's a combination map/lamp reading light, too.

Yet underneath all this elegance lies the proven practicality of a six-cylinder engine. A torque-rich automatic transmission. Power steering and brakes. All mounted on a chassis featuring isolated transverse torsion bars up front and isolated leaf springs in back. For a ride that's smooth and impressive.

Diplomat four-door. You won't find a more elegant, finely engineered mid-size sedan for the price.

1. An overhead map/lamp reading light is standard on this year's Diplomat Medallion four-door.

2. Standard seating in the Diplomat Sedan four-door is this cloth-and-vinyl bench seat with folding center armrest. Optional include, leather, seat or cushions.

Diplomat Sedan four-door

DIPLMAT WAGON.

NEW STYLE AND VALUE FOR THE WORKING WAGON.

We like to think that our handsome new Diplomat wagon is a very special mid-size wagon. With fresh new styling in a relatively trim and thrifty package that makes it easier to maneuver and manage than full-size wagons. Yet still offering the convenience of four doors and full six-passenger seating...not to mention 71.8 cubic feet of load space with the rear seat folded down.

And if plush is as important to you as practical, consider this 1980 Diplomat's other full-size wagon attributes...power steering and brakes, automatic transmission and a smooth, steady ride...courtesy of our patented transverse torsion-bar front suspension and radial-ply tires. All standard. In addition, the dressy Diplomat Salon wagon offers a fully carpeted cargo area, lockable storage bins and simulated woodgrain exterior trim any wagon would be proud to call its own.

On the other hand, practical doesn't have to mean plain, either. As demonstrated by our more affordable new basic Diplomat wagon. It shows the fresh styling and many standard features of its plusher cousin, Diplomat Salon wagon. Obviously, our idea of "basic" in a wagon still adds up to a lot of comfort, style and value for you.

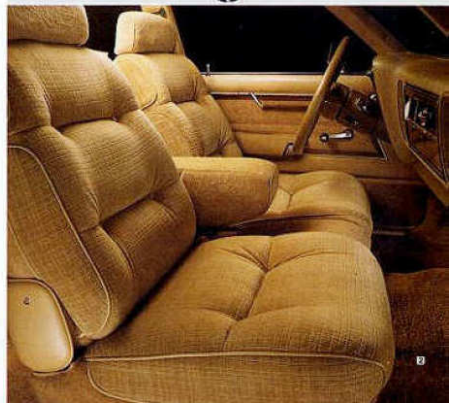

Diplomat and Diplomat Salon wagons...a very handsome approach to very practical matters.

1. A rear wiper/wash is available on all Diplomat wagons for improved maneuverability regardless of the weather.

2. This cloth and vinyl 60/40 seat with folding center armrest is optional on both wagon models in green, red or cabernet.

Diplomat wagon.

DIPLOMAT OPTIONS.

1. Diplomat's automatic speed control and deluxe intermittent windshield wiper system are practical additions for anyone who does a lot of highway driving.

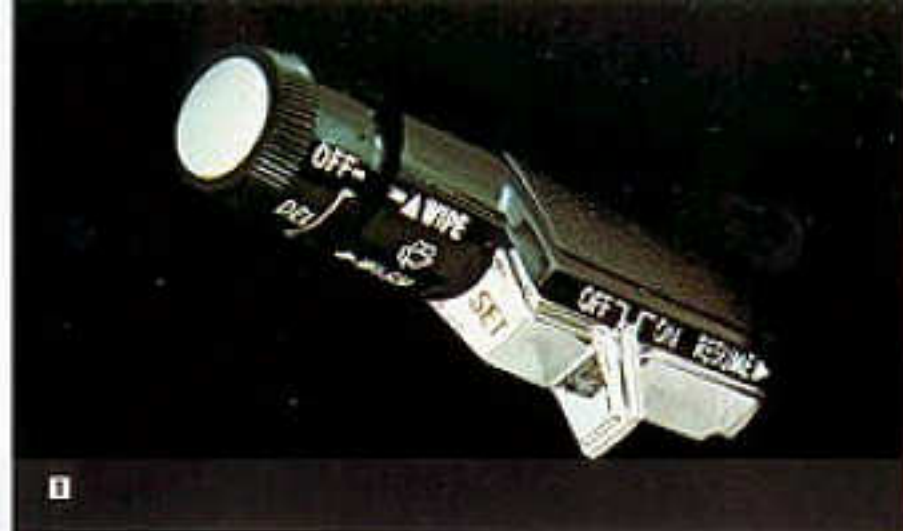

2. This power-operated tinted glass sun roof can be your very special "window on the world." Available on both two-door and four-door models.

3. Now drivers can have a convenience once reserved for only their passengers. With this new driver-side vanity mirror. (Passenger-side vanity mirror also available.)

4. Finding your favorite station is as easy as using a pocket calculator or a push-button phone. A vacuum fluorescent digital display indicates station frequencies on Diplomat's Electronic Search-Tune AM/FM stereo radio.

5. A new, improved air conditioning system* is available on every 1980 Diplomat. This lighter, more compact unit offers improved heater performance capacity and eight modes of operation for year-round comfort.

*Ask your dealer for details regarding restrictions applicable to the later installation of air conditioning.

6. An AM/FM stereo radio with cassette tape player and Dolby* system will fill your Diplomat with the sound of music.

*Dolby is a trademark of Dolby Laboratories.

7. This handsome wire wheel cover is available on all Diplomats for that contemporary classic look.

8. An illuminated entry system is another new item on Diplomat's '80 options list. Lifting either front door handle turns on all interior courtesy lights and illuminates the door key cylinder for your safety and convenience.

9. 5/50 Protection Plan
This optional service contract, the longest protection plan of any domestic manufacturer* covers major power train components for five years or 50,000 miles (whichever comes first) from the time you take delivery of your new Diplomat. The plan, which has a \$50 deductible per repair visit, also has an allowance for alternate transportation and towing. Ask your dealer for full details.

*Provisions of plan may vary with manufacturer.

Since 1980 EPA estimates were unavailable at the time catalog was printed, ask your dealer about current information regarding mpg ratings.

DIPLOMAT STANDARDS.

Chrysler Corporation's corrosion protection is unsurpassed in the industry. It includes the use of galvanized sheet metal panels, one of the best known methods of corrosion protection, as well as the seven-step dip-and-spray process. Both are standard to keep your Diplomat looking new for years to come. (std)

Protective rub strips front and rear (std)

18-gallon fuel tank (std)

Power brakes—front disc, rear drum (std)

White sidewall radial-ply tires (std)

Room for six (std)

Multifunction control switch on steering column (std)

Resettable trip odometer (std)

Engine temperature, alternator and fuel gauges (std)

Electronic ignition (std)

Proven six-cylinder engine (std)

Automatic transmission with lockup torque converter (std)*

Inside hood release (std)

Power steering (std)

Isolated transverse torsion bar front suspension (std)

*Not available with six-cylinder engine in California.

1980 READY-TO-ORDER FORM

Deluxe models, packages, and options are subject to specific restrictions, requirements and late availability. Contact your dealer for ordering and information.
