PONTIAC 6000

PONTIAC 6000 STE. North America's most exciting high-performance front-wheel-drive sedan is an eloquent rebuttal to those who think driver's sedans are the private domain of Europe.

A subtle but striking tone-on-tone paint highlights the Pontiac 6000 STE's sophisticated character. Four halogen headlamps, two inboard-mounted driving lamps, and the strategically-placed front air dam contribute

to its serious road stance.

Shock absorbers, springs, bushings, front and rear stabilizer bars and power rack and pinion steering were analytically designed to take advantage of the tire capabilities and extract the best combination of ride and handling.

The result is nothing short of a driving sensation. Its steering is impeccably precise, allowing you to exploit its agile reflexes to the fullest. And

Pontiac 6000 STE instrument panel

the Pontiac 6000 STE handles road imperfections with aplomb, keeping its composure even over the harshest surfaces. Pontiac 6000 STE interior maximizes driver efficiency in a pleasingly comfortable environment. Fully-reclining driver seat adjusts manually six ways featuring lumbar support and separate headrests. Partial list of STE standard features include air conditioning, full console, front door map-pockets, power door

Pontiac 6000 STE interior

locks operating remotely from the driver's door, power windows, twin electrically-controlled mirrors and cruise control.

A refined 2.8 litre H.O. (High Output) V-6, combined with a three-speed automatic, imparts smooth effortless response, eagerly propelling STE down the road. The 1983 Pontiac 6000 STE. The most exciting high-performance sedan to hit the streets in a long, long time!

Pontiac 6000 STE

Pontiac 6000 Coupe

PONTIAC 6000. In just one year, Pontiac 6000 has established itself as one of the most exciting new cars in Pontiac's history.

The Pontiac 6000 emphasizes our commitment to technical innovation and engineering thoroughness. Advancements like computer-aided design, robotic welding, and comprehensive anti-corrosion treatments make the

beauty of Pontiac 6000 more than skin deep.

However, the Pontiac 6000 goes beyond innovative design advancements. It's a car that rewards those who share an emotional commitment with the sheer joy of driving. You'll appreciate this driving difference when you get behind the wheel!

The standard 2.5 litre 4-cylinder engine, or

Available bucket seats and console for Pontiac 6000

available 4.3 litre V-6 diesel, offer the practical performance you need everyday. But for an extra kick, order the available 2.8 litre V-6.

The 1983 Pontiac 6000 delivers some great new driver-oriented features like front-wheel-drive, MacPherson front struts and rack and pinion steering. To heighten your driving excitement even more, the Rally handling package

Pontiac 6000 LE interior with available 45/45 Notchback seats.

Pontiac 6000 LE Sedan

including 195/70R14 Goodyear Eagle GT radials, a larger front sway bar, firmer spring rates and higher effort power steering gear is available on Pontiac 6000 and our more luxurious Pontiac 6000 LE.

Other new features include brighter instrument panel graphics and a newly available rear-mounted power antenna.

AN IN-DEPTH LOOK AT THE EXCITING '83 PONTIAC 6000 LE

- 1** A 2.5 litre 4-cylinder engine is standard for impressive economy and engine response.
- 2** MacPherson strut front suspension has specially isolated coil springs for a quiet, precise ride.
- 3** Rack and pinion power steering delivers quick response with a good road feel.
- 4** Match mounted wheels and tires help provide Pontiac 6000's smooth ride.
- 5** Single stamped front "A" pillar helps reduce vibration.
- 6** Dual fluidic windshield washers provide generous cleaning of the windshield in bad weather.
- 7** Roof rail is bonded to the outer roof panel for sound

dampening and improved overall structure with less road noise.

- 8** Handsome centre console with built-in storage box and handy coin holder.
- 9** Extended range rear speakers are included with available Delco-GM stereos.
- 10** Full coil suspension features special sound insulators for more effective road isolation.
- 11** Wraparound sheet metal, front and rear, reduces fit lines for a more elegant appearance.
- 12** Vista-Vent sunroof and vinyl tops are available.
- 13** Exterior trim includes bumper guards, dual patch mirrors, fixed mast antenna, black rocker panels and

mouldings for the windowsills, body sides, wheel openings and roof.

- 14** Soft, black liners separate every exterior moulding from paint contact to help reduce corrosion.
- 15** Plastisol stone throw protection along bottom side panels, plus extensive anti-corrosion protection in key areas.
- 16** 16.1 cubic foot (459 litres) trunk holds an equivalent of 14 fully loaded shopping bags with room to spare.
- 17** Aerodynamic lip on rear deck improves aerodynamics and aids fuel economy.
- 18** Electronic Ride Control is available to maintain comfort and ride when the cargo area is loaded.

A word about assembly, components, and optional equipment in these vehicles.

The vehicles described in this brochure are assembled at various Divisions of General Motors Corporation. These vehicles incorporate thousands of different components produced by General Motors of Canada Limited and related companies and their suppliers. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emission and safety requirements or fuel economy guidelines, or for other reasons, to produce vehicles with different components or differently sourced components than initially scheduled. All such components have been approved for use in our products by General Motors of Canada Limited or related companies and will provide the quality performance associated with our name.

Please note that certain optional equipment can be ordered only in conjunction with other optional equipment.

Also, upgrading from specified standard equipment may be necessary when certain optional equipment is ordered. Ask your sales representatives for details.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered or, if there are changes, that they are acceptable to you.

All illustrations and specifications contained in this catalogue are based on the latest product information available at time of publication approval. The right is reserved to make changes at any time, without notice, in prices, colours, materials, equipment, specifications and models, and to discontinue models. Some of the equipment shown or described throughout this catalogue is available at extra cost. Check with your dealer for complete information.
