### THE CADILLAC PROMISE

Owning a Cadillac is a satisfying experience.

The pleasures come  
in sometimes unexpected ways. Such as  
noticing the golden keys just before you turn  
the ignition. Or having someone else notice.

Admiring contemporary road manners  
that tame the twists and turns.

Without compromising legendary  
Cadillac luxury and comfort.

Or the solid sound every time you close a door.

The security of safety features  
that surround you  
mile after mile.

Above all, it's the feeling  
of uncompromising excellence.

A tradition of quality and attention  
to driver and passenger needs and demands.

Is it any wonder driving a new Cadillac  
is a pleasure to be envied?

## FLEETWOOD BROUGHAM SEDAN D'ELEGANCE

This is a car that becomes more exclusive each year by remaining true to its traditions.

Like its traditional size. Fleetwood Brougham rides on the longest wheelbase of any production car—making cruising hours on the interstate pure luxury. Only the limited production Cadillac Fleetwood Seventy Five Limousine has a longer wheelbase.

Its traditional power. Featuring a new responsive 5.0 liter V8 for the kind of quick acceleration and passing power you need.

And its traditional luxury. Like a special roof treatment with limousine-style rear window, push-button electronic climate control, AM/FM stereo radio with power antenna and so much more.

Fleetwood Brougham Sedan d'Elegance for 1986. A car that Cadillac traditions are made of.

## FLEETWOOD BROUGHAM SEDAN D'ELEGANCE

Step into the elegant interior world of Sedan d'Elegance with its special tufted pillow-style seating areas and adjustable rear seat reading lamps. The six-passenger roominess is immediately evident—and dual comfort front seats (three-passenger) with six-way power seat adjusters for both driver and front passenger offer the final complement to incomparable driving comfort.

# WHAT MAKES A CADILLAC A CADILLAC.

## GOLD KEY DELIVERY SYSTEM.

It all began in 1902. A commitment to quality and excellence. As a result, for the past 37 years, more Americans have chosen to own Cadillac than any other luxury car.

Today, that commitment remains obvious in such traditional areas as fit, finish, materials, appointments, and craftsmanship.

But it now becomes evident, too, in state-of-the-art and leading-edge developments in safety and technology.

Traditional or advanced, however, the ultimate test of Cadillac quality and excellence is simply this: Does it contribute significantly to owner satisfaction?

That's what makes a Cadillac a Cadillac.

Cadillac began the whole idea of nationwide automotive service back in 1926. It is only fitting, then, that today Cadillac has a system of preferential treatment you expect as a Cadillac owner: The Gold Key Delivery System.

Cadillac's Gold Key Delivery System begins with a thorough inspection of your Cadillac Fleetwood Brougham—but that's not all. You also receive an orientation drive with your sales representative. A thorough explanation of your new Cadillac. An audio cassette of important information (factory-installed cassette tape player optional). And a full tank of fuel. Plus two sets of 23-karat gold-plated keys along with a personalized Gold Key Identification Card.

The Gold Key Card you receive as part of the Gold Key Delivery System provides important owner and vehicle information to help your service advisor schedule routine maintenance quickly and easily. And at your convenience, or at your first regularly scheduled maintenance visit, you can request an exclusive Gold Key vehicle inspection at *no additional charge*.

Cadillac's Gold Key Delivery System. Unique in the luxury car field.

# S A F E T Y

The quest for Cadillac quality never ends. For 1986, that quest has led to the largest offering of safety features in Cadillac history.

Let's Get It Together...Buckle Up.

Every new 1986 Cadillac delivered by a Cadillac dealer in the United States comes with a one-year, \$10,000 safety belt user insurance certificate from MIC General Insurance Corporation at no additional charge. \$10,000 will be paid to the estate of any occupant who suffers fatal injuries as a result of an accident involving that vehicle while wearing a GM safety belt. Buckle up every time you drive.

## A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Cadillac dealer for complete information.

## A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CADILLAC PRODUCTS.

The Cadillacs described in this brochure are assembled at facilities operated by General Motors. These vehicles incorporate thousands of different components produced by car groups and various component divisions of General Motors and by various suppliers worldwide to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Cadillac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Cadillac products and will provide the quality performance associated with the Cadillac name.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

## A WORD ABOUT ENGINES.

Cadillacs are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

## UPDATED SERVICE INFORMATION

Cadillac regularly sends its dealers useful service bulletins about Cadillac products.

Cadillac monitors product performance in the field. We then prepare bulletins for servicing our products better.

Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

## FINANCING OR LEASING, IT'S AS EASY AS GMAC

The good feeling that comes when you buy or lease a new Cadillac can be enhanced when it comes to making the financial arrangements.

Which is why so many people finance with General Motors Acceptance Corporation. With GMAC it's done right in the showroom. Terms are tailor-made to suit your personal needs. You can choose your own monthly payment date. And the rates are friendly as can be.

So when the time comes, just tell us, "I want GMAC." We'll take it from there while you relax.

You'll be in good company. All told, nearly 100 million cars and trucks have been financed the GMAC way. The easy way whether you buy or lease.

## THE CADILLAC COMMITMENT

We believe that when you buy or lease a Cadillac, you deserve to be treated like a Cadillac owner. And when you take your car in for service, you have the right to expect the type of consideration traditionally reserved for Cadillac owners. We intend to keep that tradition alive. BEST OF ALL...IT'S A CADILLAC.

BEST OF ALL...IT'S A CADILLAC.
