

2007 VERACRUZ

 HYUNDAI

2007 VERACRUZ | INTRODUCTION

**THE ROAD LESS TRAVELED
IS OFTEN THE MOST
INTERESTING.**

The most compelling vehicles are the ones that toss convention to the wind and blaze their own trail. Take the all-new 2007 Hyundai Veracruz crossover sport-utility. It is a stellar example of what you get when you throw away the rules and start from scratch. With generous luxury appointments, standard seating for seven and sleek, forward-thinking styling, the Veracruz exhibits a degree of sophistication and comfort that's certain to redefine what you expect from a vehicle in its class. At the same time, its powerful V6 engine, car-like reflexes and host of advanced safety features deliver a level of performance and security that's remarkable for an SUV. Discover the spacious and versatile Hyundai Veracruz — a thoroughly indulgent way to travel with family and friends.

LIMITED IN BLACK DIAMOND

 **HYUNDAI**

2007 VERACRUZ | COMFORT

- AIR CONDITIONING WITH CABIN AIR FILTER
- ALL-ROW VENTILATION AND 2ND-ROW AUXILIARY CLIMATE CONTROLS
- LEATHER-TRIMMED INTERIOR ON LIMITED
- HEATED FRONT SEATS ON LIMITED
- INFINITY® LOGIC 7® SURROUND SOUND*
- REAR DVD ENTERTAINMENT SYSTEM*

The interior of the Veracruz is the most appealing of environments, immersing you in a world of luxurious textures and accents, thoughtfully designed amenities and expansive spaciousness. Power-adjustable seats and a tilt-and-telescopic steering wheel make you feel at one with the handsome, purposeful controls. Whatever your taste in programming, standard XM® Satellite Radio† delivers nonstop audio entertainment, while independent second-row climate controls help keep passengers comfortable. And an optional rear-seat DVD system makes even the longest road trips fly by.

*Available as part of an option package.
†See specifications section for subscription details.

2007 VERACRUZ | INTERIOR

SE IN BLACK DIAMOND AND LIMITED INTERIOR IN BLACK/SADDLE

2007 VERACRUZ | VERSATILITY

Features and functionality are the order of the day inside the Veracruz, beginning with an immense 86.8 cu. ft. of cargo space and a wealth of seating and cargo arrangements for maximum versatility. Plenty of storage compartments are located throughout the cabin, and there are even 2nd-row reading lights that allow rear passengers to enjoy their favorite books while on the road. Other thoughtful features, such as a cell phone compartment with an integrated power jack, make life in the Veracruz completely hospitable.

- SEATING FOR SEVEN WITH HYUNDAI HIDEAWAY™ 50/50 SPLIT FOLD-INTO-FLOOR 3RD-ROW SEATS
- 2ND-ROW SLIDING 60/40 FOLD-FLAT SEATS
- MORE CARGO VOLUME THAN TOYOTA HIGHLANDER OR LEXUS RX350
- FOUR 12-VOLT OUTLETS AND AVAILABLE 115-VOLT OUTLET
- IN-FLOOR CARGO AND TOOL STORAGE
- MULTI-FUNCTIONAL CENTER CONSOLE WITH STORAGE

2007 VERACRUZ | PERFORMANCE

- **260-HORSEPOWER, 3.8-LITER, ALL-ALUMINUM V6 ENGINE**
- **6-SPEED AUTOMATIC TRANSMISSION WITH SHIFTRONIC®**
- **4-WHEEL INDEPENDENT SUSPENSION**
- **18-INCH ALLOY WHEELS ON SE AND LIMITED**
- **AVAILABLE ALL-WHEEL DRIVE**

Not only does the Veracruz provide a luxurious, roomy interior that seats seven, it also makes driving a pleasure. The 3.8-liter V6 engine delivers 260-hp and 257 lb.-ft. of torque for spirited acceleration. It's mated to a silky 6-speed automatic with SHIFTRONIC and a lock-up torque converter for improved performance and highway fuel economy. And there's no need to hesitate when you hit the hairpins. Engine-speed-sensitive steering — along with a fully independent suspension — helps the Veracruz handle like a refined sedan. The ride is smooth, supple and controlled.

SE IN BLUE TITANIUM

2007 VERACRUZ | ACTIVE SAFETY

It's not just where you go that's important, but how safely you get there. So to keep you and your loved ones safe and sound, we've incorporated a host of advanced systems into the Veracruz. Active safety, like Electronic Stability Control and an Anti-lock Braking System, helps you avoid accidents. And passive safety, like advanced airbags and a reinforced body structure, helps minimize the effects should one occur. It's important to note that Veracruz's long list of safety features comes standard—because as far as we're concerned, protecting your well-being should never be an option.

Anti-lock Braking System

ABS uses sensors to detect impending wheel lock-up and then quickly pulses the brakes to prevent it. To enhance this system's performance, Electronic Brake-force Distribution varies brake pressure at each wheel to provide maximum braking for the road conditions. Together, ABS and EBD help maintain steering control in emergency braking situations.

Electronic Stability Control¹

When the unexpected happens, quick reaction is key to a safe outcome. And almost nothing reacts more quickly than Electronic Stability Control. It constantly monitors wheel speed, steering angle, yaw and lateral g-forces while the Veracruz is in motion. When it senses that a skid is imminent, ESC automatically applies the brakes to individual wheels and adjusts throttle input as required to keep the vehicle on its intended path.

Brake Assist

Many drivers hesitate or fail to brake forcefully enough in critical situations. Brake Assist works in conjunction with ABS to sense a panic stop, and then automatically applies maximum braking pressure to shorten the stopping distance. By minimizing delayed human reaction, Brake Assist is there when you need it the most.

¹Electronic Stability Control (ESC) with Traction Control System (TCS) cannot control your vehicle's stability under all driving situations. ESC with TCS is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC with TCS can help prevent loss of control. See Owner's Manual for details.

SE IN LIQUID SILVER WITH GRAY LEATHER

Six Airbags

The standard six-airbag system¹ includes advanced dual front airbags, front side-impact airbags and side-curtain airbags that extend completely from the front to the rear to effectively protect every row of passengers. The Veracruz also features a front-passenger Occupant Classification System that prevents airbag deployment if the seat is unoccupied or the passenger is below a predetermined weight.

¹The Supplemental Restraint System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle that has a passenger-side airbag.

Tire Pressure Monitoring System

Standard on all Veracruz models, TPMS uses electronic sensors in each tire to monitor air pressure, and alerts the driver via a warning light on the instrument panel as to which tire's air pressure is low.

Seatbelt Pretensioners

Front seatbelt pretensioners tighten the safety belts during certain frontal impacts, helping reduce the occupants' forward movement. Force limiters help manage the belt's load across the torso and hips.

Child-seat Anchors

Even the smallest passengers receive uncompromising protection in the Veracruz. Thanks to LATCH child-seat anchors on both second-row outboard seats, installing child seats securely is fast and easy!

Energy-absorbing Steering Column

An NHTSA report confirms that an energy-absorbing steering column, which collapses away from the driver, is a vital safety feature in the event of a frontal collision.

One of the things you'll notice when you first set eyes on the Veracruz is that it doesn't look like your typical seven-passenger vehicle. It's sensual, sleek and elegant—descriptions you don't generally associate with an SUV. Standard 17-inch alloy wheels on GLS give it an aggressive, sporting look that commands your attention. And the SE and Limited are equipped with 18-inch alloys for even more presence. Premium details exhibit a refinement that looks right at home, whether you're enjoying an afternoon at the lake or pulling up to the valet at your favorite bistro.

2007 VERACRUZ | STYLING

- **AERODYNAMIC BODY DESIGN WITH .35 COEFFICIENT OF DRAG**

- ANTI-THEFT ENGINE IMMOBILIZER*
- RAIN-SENSING WINDSHIELD WIPERS*
- MULTI-FUNCTION TRIP COMPUTER
- HEATED SIDE-MIRRORS WITH TURN SIGNALS AND APPROACH LIGHTS
- POWER TILT-AND-SLIDE SUNROOF

Power Tailgate

The Limited's electronically operated rear tailgate can be opened and closed remotely or with the touch of a button on the dash. It sounds a warning chime when closing, and features pinch protection as well.

Backup Warning System

Avoid hazards while backing into parking spaces or out of the driveway with this advanced system* that uses ultrasonic sensors and sounds a graduated alarm when certain objects are in your path.

The Veracruz is loaded with convenient features to make every day a little bit easier. The proximity key* senses when you're near the car, allowing you to unlock the doors and start the engine without ever removing the key from your pocket. And the Limited's powered tailgate is indispensable when your arms are loaded with groceries. You'll also appreciate such details as the automatic headlights, electrochromic auto-dimming rearview and side mirrors, and an integrated HomeLink® transceiver that are standard on SE and Limited.

*Available on Limited Ultimate Package.
