

**'71 Chevrolet.
The partner that puts you first.**

**Ready to work day and night
without tiring. Or tiring you.**

Dozens of heavy-duty features assure that even after a 24-hour shift the '71 Chevrolet police car will be ready for more. And the many new improvements in ride, quietness and comfort for '71 mean that long shifts will be less tiring for officers, too.

We introduce the vanishing tailgate.

The window goes up, the door glides down. So when you need room to move, nothing stands between you and the load space.

There's easier access to the third seat in 3-seat wagons, too. Because riders now face forward and enter the third seat through

the passenger doors. All on the smooth-riding 125" wheelbase, longest ever on the Chevrolet wagon.

Above: Townsman Wagon.

**You've changed.
We've changed.
You're using more
specialized equipment
in police work.
And Chevrolet meets
your specialized
police car needs
with more of the
equipment that
puts you first.**

Police Package B07

Available on Bel Air and Biscayne Sedans, Brookwood and Townsman Wagons, and other models by special order. Includes front stabilizer bar (larger diameter on V8s). Special rear axles with ratios tailored to engines. Special Full Coil springs. Police-service shock absorbers. Heavy-duty propeller shaft with special balancing. Larger radiator and special fan. 80-amp. Delco Eye battery. Heavy-duty body mounts. Heavy-duty low-profile front seat. 42-amp. Delcotron generator with minimum 20-amp. output at idle. Full-width rubber floor mats (sedans only). Heavy-duty Turbo Hydra-matic with all V8s. Four color-coded 12-gauge wires routed from center of roof to below instrument panel. 140-mph speedometer head calibrated in 2-mph increments and accurate within 2 mph.

Other special items you can order

Ammeter, water temperature and oil pressure gauges mounted in instrument panel. Heavy-duty brakes. Hand throttle unit. Special high-speed police tires. Radio suppression unit that meets requirements for 2-way radio. Roof reinforcement plate for emergency light. Plus these Chevrolet Options: Variable-ratio power steering—2.86 turns lock-to-lock to make tight maneuvering easy. Positraction rear axle. Remote-control outside mirror. Chevrolet air conditioning (V8 only). Power door locks. Rear-window defroster. For more special items, contact your Chevrolet fleet expert.

Power Teams

145-HP (110*) TURBO-THRIFT SIX. 250 CID. Standard Six on sedans only. Hydraulic valve lifters. Single-barrel carburetor. Axle ratio 3.08:1. Single exhaust. Standard 3-Speed manual. Powerglide transmission available.

245-HP (165*) TURBO-FIRE V8. 350 CID. Standard V8. Hydraulic valve lifters. 2-barrel carburetor. Axle ratio 3.42:1. Single exhaust. Turbo Hydra-matic transmission.

270-HP (175*) TURBO-FIRE V8. 350 CID. Hydraulic valve lifters. 4-barrel carburetor. Axle ratio 3.42:1. Single exhaust. Turbo Hydra-matic transmission.

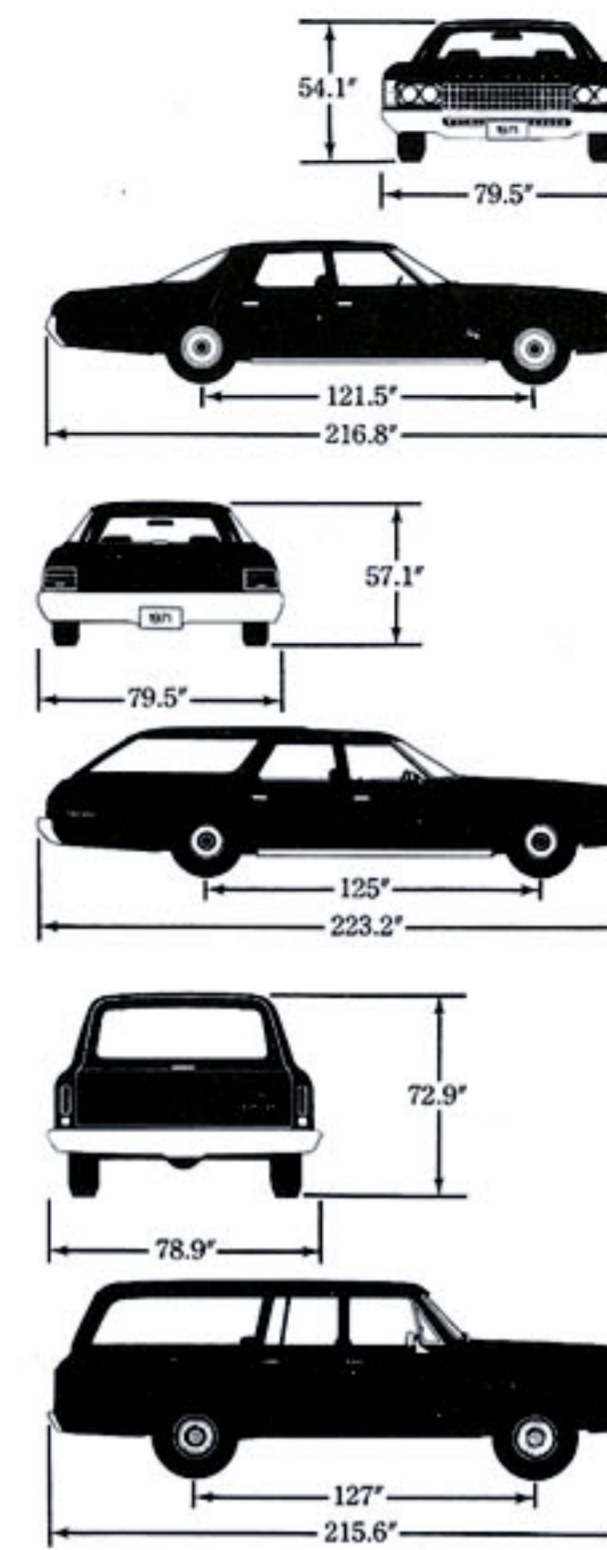

310-HP (260*) TURBO-JET V8. 400 CID. Hydraulic valve lifters. 4-barrel carburetor. Available dual exhaust recommended (sedans only). Axle ratio 3.42:1. Turbo Hydra-matic transmission.

365-HP (285*) TURBO-JET V8. 454 CID. Hydraulic valve lifters. 4-barrel carburetor. High-performance camshaft. Dual exhaust (sedans only). Axle ratio 3.08:1. Turbo Hydra-matic transmission.

*SAE net horsepower, as installed, in sedans.

For 1971, all Chevrolet engines have been designed to operate efficiently on the new no-lead or low-lead gasolines. In addition to the lower exhaust emissions attainable with this engine/fuel combination, there are benefits in longer life for your spark plugs, exhaust system and other engine components. If these no-lead, low-lead gasolines are not available, any leaded regular grade gasoline with a research octane number of 91 or higher may be used.

Offered on all Chevrolet police vehicles are many standard safety items and available Options and Custom Features. Some are illustrated or described in this catalog. See your Chevrolet dealer for a complete list.

Tread, front 64.1"
Tread, rear 64.0"
Standard tire size F78-15
Rated fuel tank capacity 24 gal.
Usable luggage space 16.9 cu. ft.

Tailgate opening height 29.5"
Tailgate opening width at floor 48.8"
Tread, front 64.1"
Tread, rear 64.0"
Standard tire size L78-15
Rated fuel tank capacity 24 gal.
Load floor length 100.5"†
Total cargo volume 106.4 cu. ft.

Tailgate opening height 40.7"
Tailgate opening width 57"
Tread, front 64.1"
Tread, rear 62.7"
Standard tire size G78-15
Fuel tank capacity 23.5 gal.
Load floor length 114"†
Total cargo volume 181.3 cu. ft.

†Front seat to tailgate (closed).

We've been building up to this much police car for years.

LOW-GLARE INSTRUMENT PANEL TOP, inside windshield moldings, wiper arms and blades help stop reflected light.

NEW INSIDE HOOD RELEASE prevents hood from being opened from outside the car.

NEW STEERING has forward-mounted gear for more precise response, plus two-part column to absorb energy and help eliminate vibration.

HEAVY-DUTY COOLING includes larger radiator and special fan for extra-hot days. (Part of B07)

245-HP TURBO-FIRE 350 is the standard V8. Other V8s for your police requirements range up to 365 hp.

HEAVY-DUTY 80-AMP. DELCO EYE BATTERY with side terminals sealed against corrosion. "Magic Eye" signals when fluid is low. (Part of B07)

LARGER DIAMETER FRONT STABILIZER BAR permits flatter cornering at higher speeds. (Part of B07)

MAGIC-MIRROR ACRYLIC LACQUER FINISH keeps its shine for years without waxing, and is easier to restore than conventional enamel finishes.

NEW WIDER 15" x 6" WHEELS with larger bolts on a larger bolt circle for strength, steady handling and a smoother ride.

NEW VENTILATION SYSTEM draws in outside air through front louvers and expels old air through rear deck louvers.

NEW BIGGER WINDSHIELD, 10% bigger, with slimmer windshield pillar and longer 18" wipers that don't lift, even at high speeds.

NEW DOUBLE PANEL ROOF. It's really two steel roofs to give increased strength, plus computer-developed acoustical perforations and thick mastic for superior sound deadening.

HEAVY-DUTY FRONT SEAT. Low-profile full-foam construction with special features for greater durability under constant use. (Part of B07)

STEEL INNER FENDERS at all four wheels help stop thrown stones and corrosives from reaching outer fenders.

FULL DOOR GLASS eliminates ventipanes. And for '71, glass curves higher into the roof for easier entry and improved visibility.

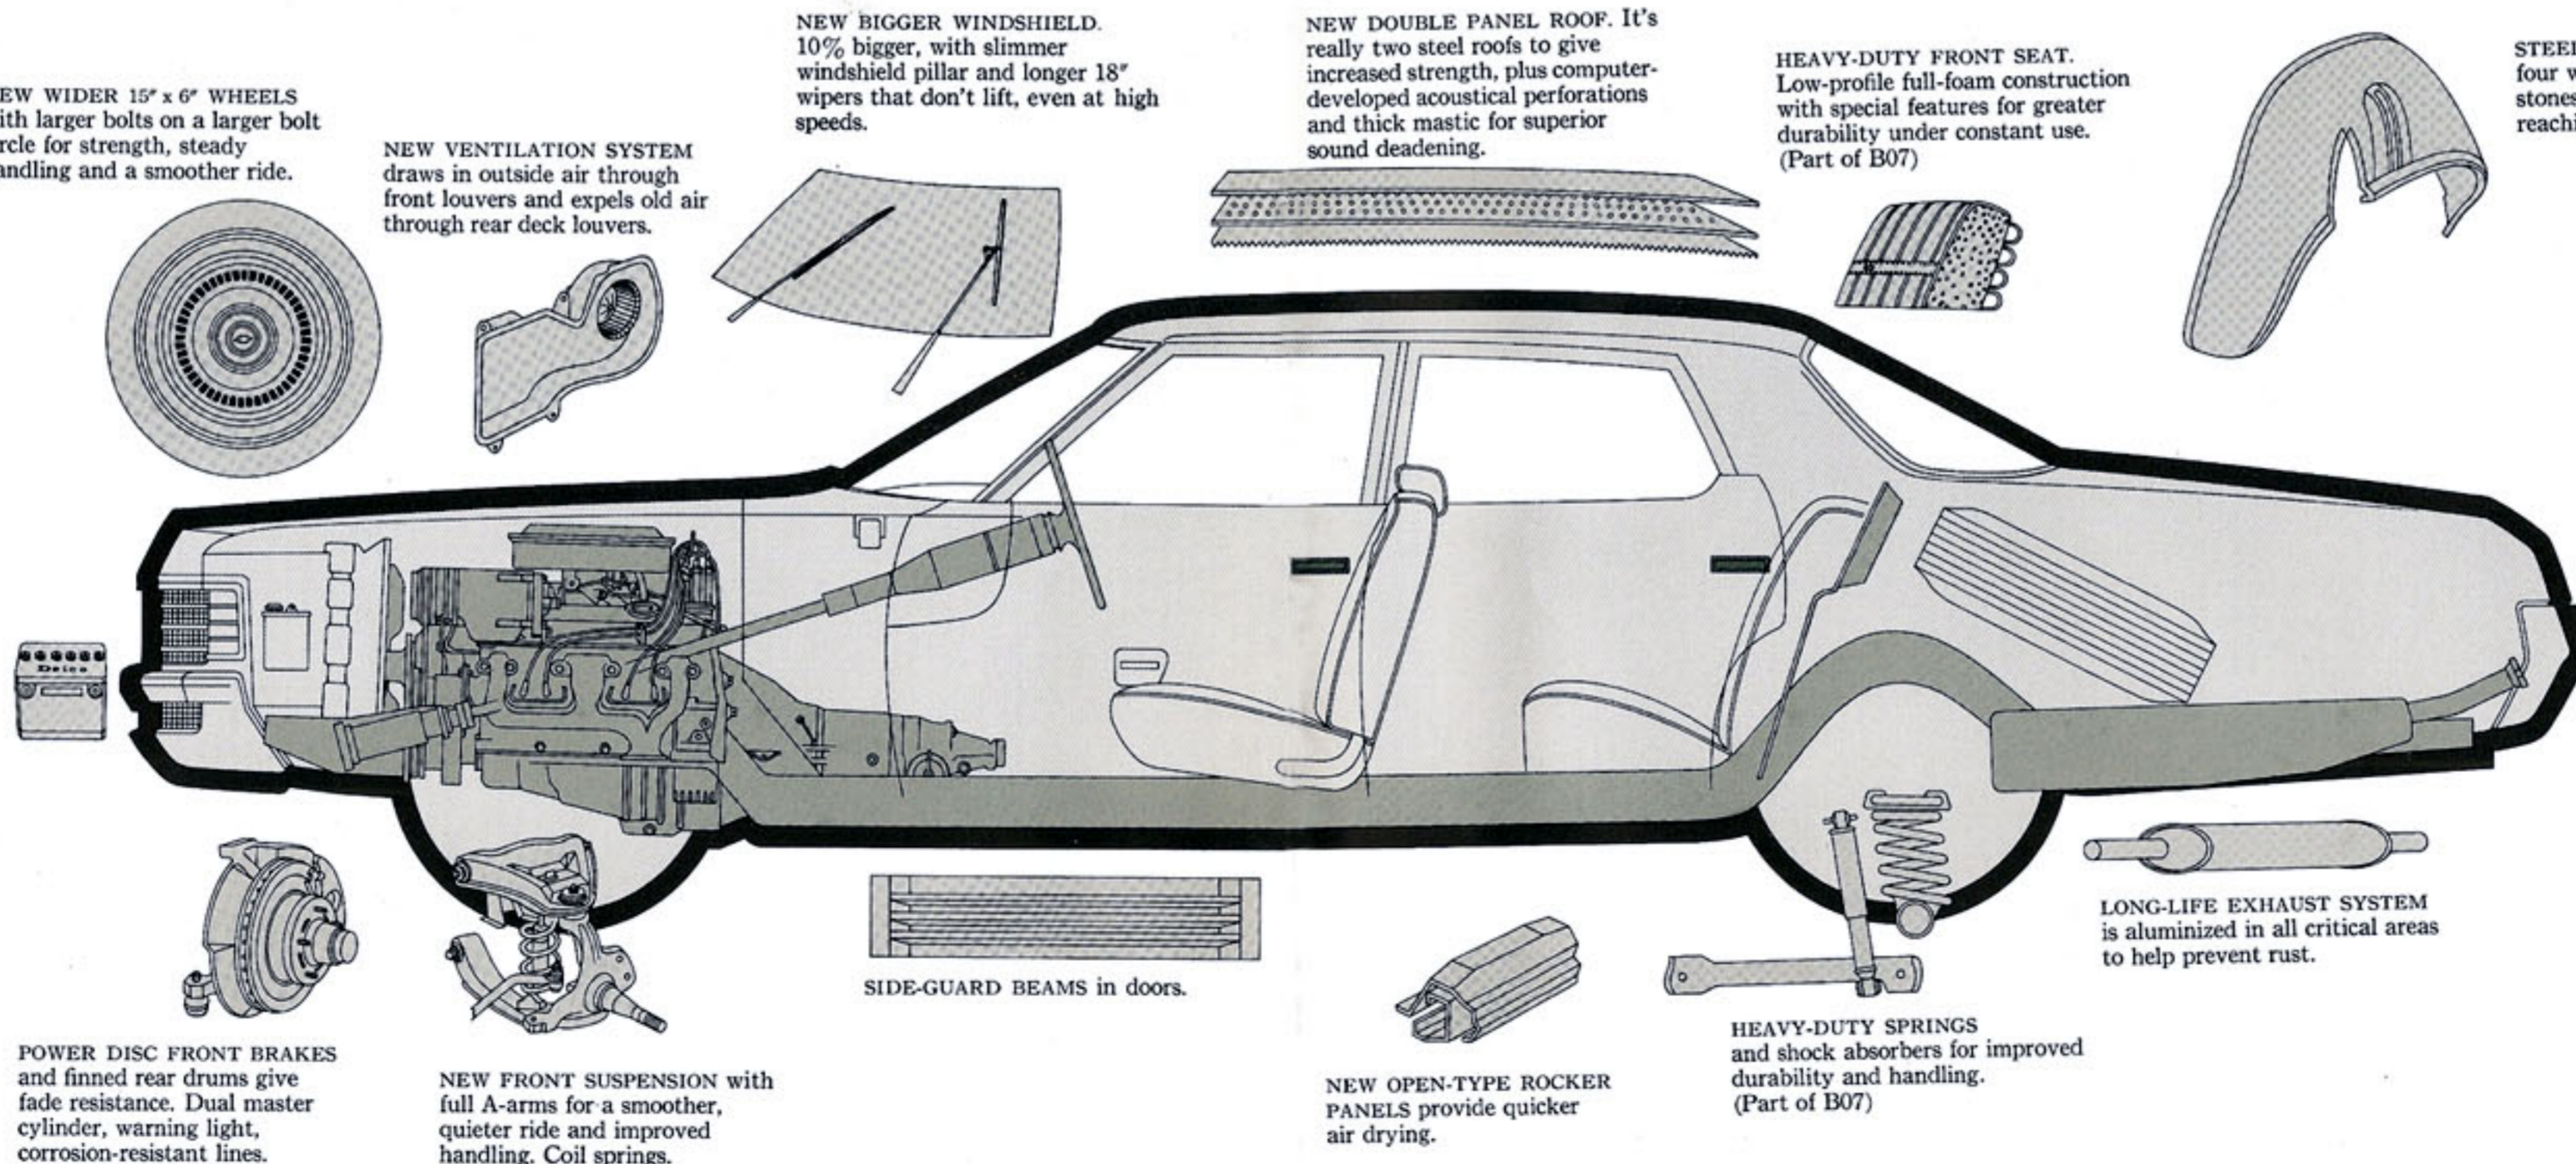

CARGO-GUARD BARRIER. Steel wall between trunk and passenger compartment for security and sound absorption.

NEW FLUSH DOOR HANDLES let you open doors with one finger.

NEW EVAPORATION CONTROL SYSTEM built into the new fuel system to help keep your city's air clean.

SPECIAL REAR AXLE has large-diameter ring gear and axle ratios tailored to engine size.

HEAVY-DUTY PROPELLER SHAFT ASSEMBLY with special balancing, plus new constant-velocity universal joint on sedans, to reduce noise and vibration under heavy service. (Part of B07)

POWER DISC FRONT BRAKES and finned rear drums give fade resistance. Dual master cylinder, warning light, corrosion-resistant lines.

NEW FRONT SUSPENSION with full A-arms for a smoother, quieter ride and improved handling. Coil springs.

SIDE-GUARD BEAMS in doors.

NEW OPEN-TYPE ROCKER PANELS provide quicker air drying.

HEAVY-DUTY SPRINGS and shock absorbers for improved durability and handling. (Part of B07)

LONG-LIFE EXHAUST SYSTEM is aluminized in all critical areas to help prevent rust.

Suburban: twice as tough as it looks.

Suburban is even tougher for '71. With new front disc brakes that resist fade and adjust themselves. A load capacity of up to 3127 pounds (181 cubic feet). And to get to it, specify liftgate-tailgate or panel-type rear doors, plus a big curbside door. Standard C10 Suburban engines are truck-tough 250 Six and 307 V8.

Plus five transmissions, depending on engines: 3-Speed (standard) or two 4-Speed manuals plus Powerglide or Turbo Hydra-matic. Also available are 4-wheel drive, seats for six more men and power steering. Front stabilizer bar. Towing hooks. And much more. Your Chevrolet fleet expert has all the details.
