

1983 CHEVROLET CAVALIER

CAVALIER CS HATCHBACK

Cavalier is a fine example of how technology and aesthetics join to bring you one of the most advanced front-wheel drive cars available today. Responsive and precise rack-and-pinion steering gives a

superb road feel. For 1983, there's a lively 2.0 Litre engine. And a new 5-speed manual transmission with overdrive is available. You'll find new technology in the way Cavalier is built. Laser

beams precisely measure body fit. Computer-controlled robots apply body welds with great accuracy. Gamma rays seek out hidden flaws. And more than 1,000 quality control checks help assure a

high-quality fit and finish. Cavalier's beautifully efficient aerodynamic shape was perfected in the wind tunnel. Inside, advanced ideas of space utilization hold some comfortable surprises for five

adults. But most of all, the Chevrolet Cavalier is a pure pleasure to drive. Available in coupe, sedan, hatchback and wagon.

Cavalier CS Hatchback with CL Equipment Package. Shown on front cover: Cavalier CS Coupe.

CAVALIER CS SEDAN

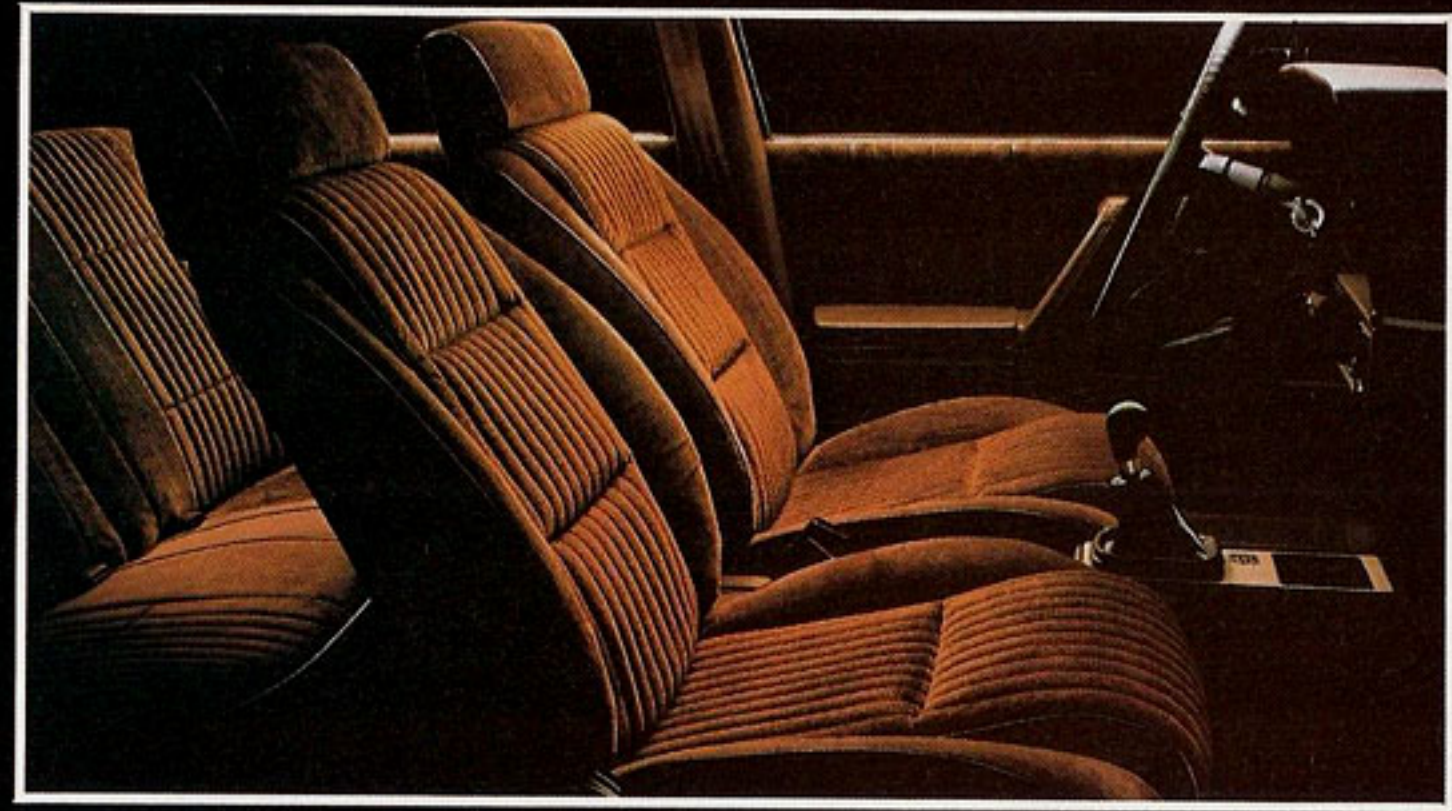

Reclining front bucket seats adjust individually. A centre console provides a handy storage bin and coin holder.

Cavalier CS Sedan.

Cavalier Sedan combines sophisticated driving excitement with pace-setting style and surprising room and comfort for five.

CAVALIER CS WAGON

Cavalier Custom Interior. Form-fitting reclining front bucket seats support you at every point of contact.

Cavalier CS Wagon with CL Equipment Package.

The Cavalier Wagon is loaded with capabilities. Like room for five and a spacious cargo carrying capacity that's over 64 cubic feet with the rear seat down.
