Celebrity Eurosport Sedan.

You already know Eurosport is the Celebrity designed for drivers who demand striking styling, eager performance and mid-size room and comfort, all in a single vehicle.

As with all 1986 Celebrities, the front and rear of the car is softer, smoother. The graceful fine-mesh grille is surrounded by quad headlights and flush-mounted wraparound turning lamps.

The aerodynamic, high-profile trunk lid gives the vehicle a tall, wide trunk that holds 460 litres (16.2 cubic feet) of luggage – enough for a very long trip.

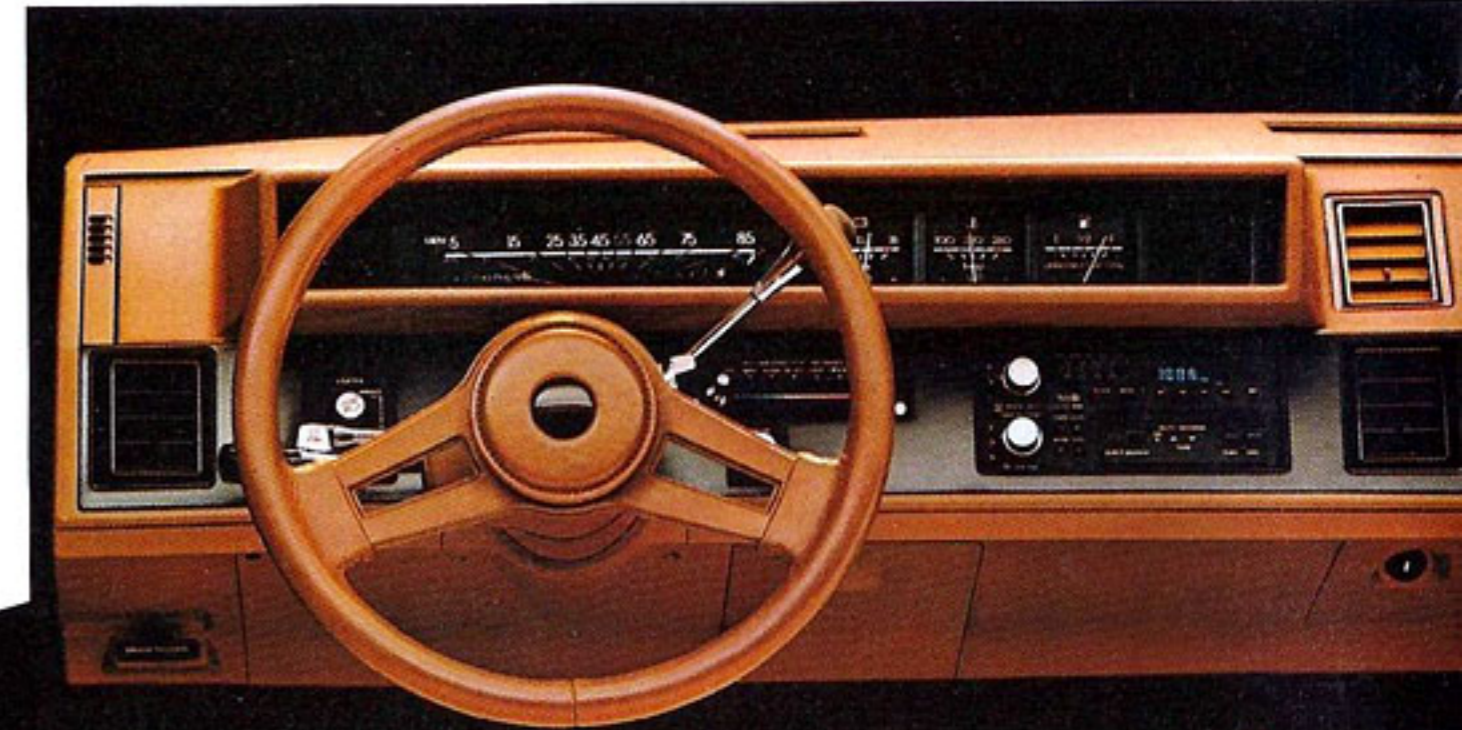

Inside, the instrument panel is positioned high, allowing your eyes to stay closely attuned to road input. The available digital tachometer is new for 1986.

And when you order your distinctively styled Eurosport in one of four solid-tone colours, you've got a car that achieves total visual integration, from road to roof.

■ Celebrity's optional gauge package* includes a trip odometer and temperature and voltage gauges. An available digital LED tachometer can also be added. +

■ Front Cover:

And Eurosport Coupe delivers. Road grip is tenacious, with P195/75R-14 radials mounted on Rally wheels.

Braking is decisive, thanks to power front disc, rear drum brakes. Handling is positive, with fast-ratio power steering and the special F41 Sport Suspension.

Eurosport Coupe. For the driver in you.

Meet Celebrity Sedan.

A car conveniently sized for tight parking spots, with front-drive traction, and room for up to six passengers. Plus impressive road feel, a huge trunk and that wonderfully

smooth ride you thought had gone out of style years ago.

With the standard bench seat with pull-down armrest,

Celebrity carries up to six passengers. Or select the available 55/45 seats, or sporty reclining front buckets. For real luxury lovers, plush Custom CL interiors are available. With Celebrity, the choice is yours.

But whatever your choice, you'll ride in style. All Celebrity seats feature new plush velour

cloth trim, high-resilience foam, and special springs that help reduce fatigue and road vibrations.

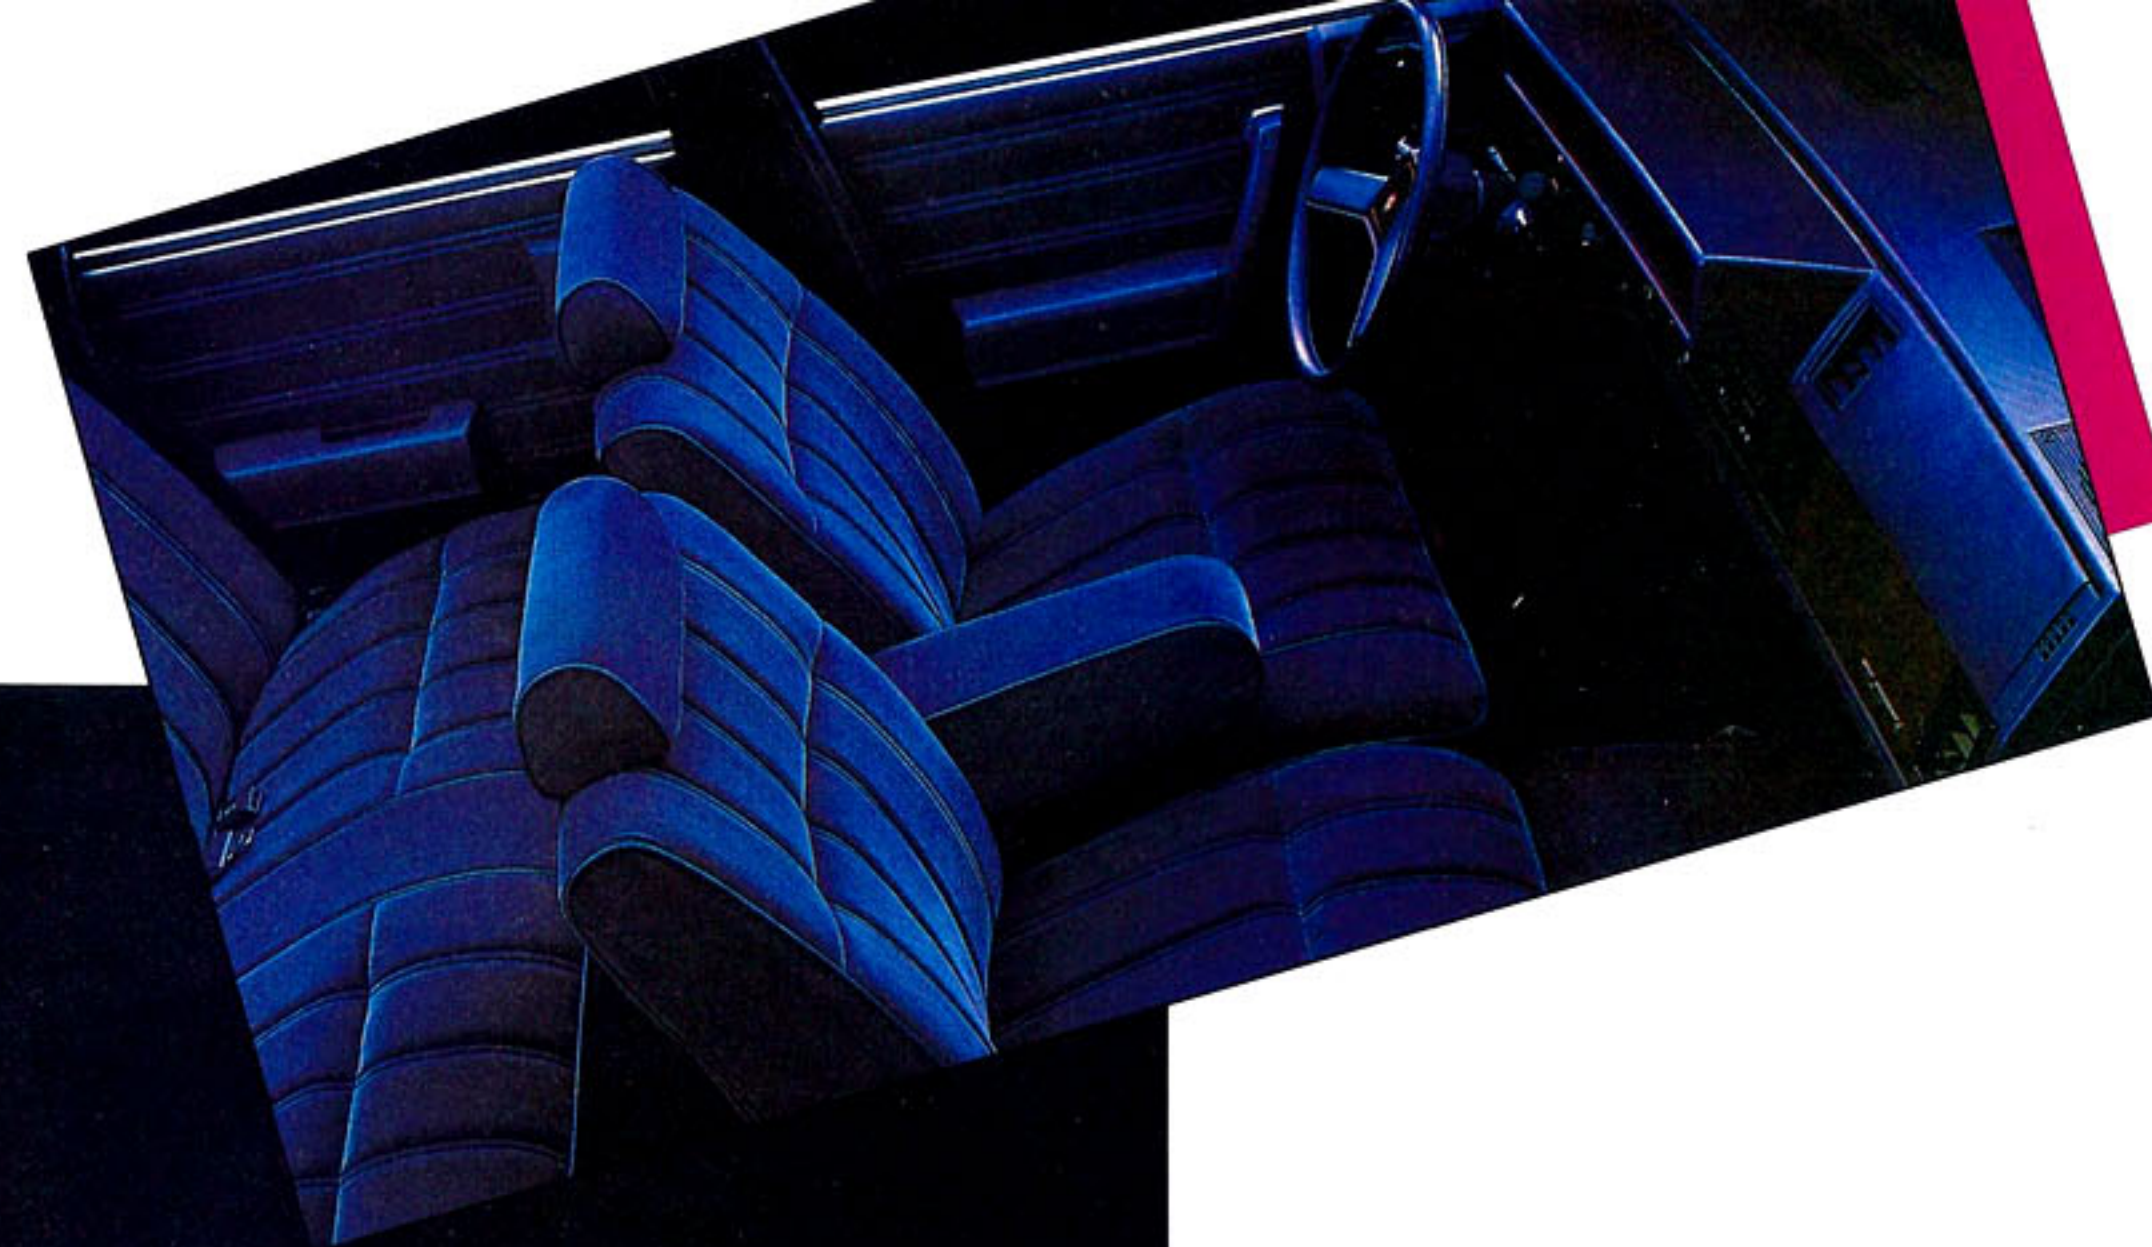

Celebrity's standard engine is a smooth 2.5 Litre power-plant with Electronic Fuel Injection that will surprise you with its responsiveness. Also available is a carbureted 2.8 Litre V6 and for maximum

output, a 2.8 Litre V6 with Multi-Port Fuel Injection.

And when you notice a certain surefootedness beyond the extremely smooth ride, remember that Celebrity's suspension features stabilizer bars, front and rear. All-seasons steel-belted radial tires are standard. So are power rack-and-pinion

steering and power front disc/rear drum brakes.

Celebrity Sedan. It's the sum of many pleasant surprises. And its price is only the beginning.
