MONTE CARLO

Imagine your next car.

It will be a beautiful car, built to a beautiful standard of quality. It will have the performance to make driving fun again, and it will surround you with quiet, personal style.

Your next car will protect you with a comprehensive safety package — ABS, front and rear crush zones, dual air bags — and it will have all this at a price you can afford.

Your next car is here today. It is Monte Carlo. And it is Genuine Chevrolet.

{ Monte Carlo by Chevrolet. An American classic, reborn. }

Monte Carlo Z34 Coupe.

{ You have your standards, and Monte Carlo exceeds them. }

In a Monte Carlo, you will experience a rare harmony of design and function as you settle

into your own personal space and silence the world outside. New, deeply cushioned chair-high seats are contoured for maximum support and comfort. Controls and switchgear look, feel, and even sound right.

Compare this interior with that of any other coupe — even cars costing up to twice as much. We think you'll agree that Chevrolet is setting an impressive new standard for the classic American coupe.

Monte Carlo Z34 interior with optional leather seating surfaces.

REXUS

Forget the comforts of home. This is better.

We want your 1995 Monte Carlo to be a more enjoyable car than anything you've ever driven. So even before Monte Carlo began to take shape, we listened to thousands of owners of mid-size sport coupes and sedans, both foreign and domestic.

You told us you wanted quiet. So we designed in new kinds of insulation, thicker side glass, and triple door seals.

You spend more time than ever before in your car, and convenience features are important to you. So we made power windows with a driver's Express-Down feature, a split-folding rear seat, a cup holder, dual visor mirrors and interior reading lamps standard.

You believe a great car should have a great sound system. That's why Monte Carlo features a standard Delco AM/FM stereo with cassette tape player and extended-range speakers. A stereo with compact disc player and TheftLock™ feature is optional. This optional sound system features Speed-Compensated Volume (as the car's speed increases and outside noise becomes louder, the radio volume

increases), coaxial speakers, and Automatic Tone Control, which tailors equalization to the type of music or voice being heard (classical, news, rock/country, pop or jazz).

Once you enter this quiet world, you may wonder why some people are paying more money and getting less car than Monte Carlo.

Monte Carlo Z34 instrument panel with optional AM/FM stereo and CD player.

{ Monte Carlo Z34. The sophisticated performer. }

Z34 is your Monte Carlo if you love automobiles in the classic grand touring tradition... powerful and luxuriously appointed.

Z34 gives you all the refinement of Monte Carlo, with the added response of a 210-hp,

dual-overhead-camshaft V6. This sophisticated V6 is mated to an electronically controlled 4-speed automatic transmission.

Other highlights of the Z34 package include a tuned ride and handling suspension with fast-ratio power steering, analog instrumentation with tachometer, 16" aluminum wheels, and new Goodyear Eagle RS-A perfor-

mance tires designed specifically for Monte Carlo. Custom Cloth 40/40 front bucket seats are standard; a Custom Cloth 60/40 split-bench front seat and 40/40 bucket seats with leather seating surfaces are optional.

So why spend two or three times as much for a luxury import? Monte Carlo Z34 is the new choice for America's driving enthusiasts.

Monte Carlo Z34 Coupe.

The DOHC V6. Symphony for the performance lover.

You expect a car as sophisticated as Monte Carlo Z34 to have a world-class powertrain. Z34 meets your expectation with a 24-valve V6 and an electronically controlled 4-speed automatic transmission.

The 3.4 Liter DOHC (dual-overhead-camshaft) V6 provides you with 210 smooth, responsive horsepower, and an equally impressive 215 lb.-ft. of torque.

Advanced design features include four valves per cylinder and a pair of overhead camshafts on each cylinder bank. The impressive result is free "breathing" and efficient

high-RPM operation with more peak horsepower than many V8s. The DOHC V6 also features Sequential-Port Fuel Injection for excellent drivability and responsiveness.

Z34's highly acclaimed four-speed automatic transmission is a fully electronic design that features computerized shift control for precise, virtually undetectable upshifts and

downshifts during normal driving, with shift timing that is perfectly matched to the performance characteristics of the DOHC V6.

If you think all this sounds good now, just wait until you turn the key.

Here's what makes Monte Carlo smooth, quiet, refined, comfortable, safe...

A SOLID, STRONG FOUNDATION

Rigid, unitized body/frame construction helps make Monte Carlo strong and quiet. This foundation is an important reason why Monte Carlo has an exceptionally smooth ride, and feels so solid, stable and well-built.

DUAL AIR BAGS

Driver- and right-front passenger-side air bags are standard. They can help protect front-seat occupants in certain moderate to severe frontal collisions. The air bag cover in the steering wheel hub doubles as a sizable horn button, allowing the driver to honk the horn by pressing in the middle of the steering wheel. Always wear safety belts, even with air bags.

A SAFETY CAGE SURROUNDS YOU

A rigid safety cage surrounds the entire passenger compartment of Monte Carlo. Side-guard door beams and energy-absorbing front and rear body structures complete this safety envelope. Monte Carlo meets 1997 Federal safety standards for side-impact protection.

A SPECIAL NOTE TO PARENTS

Monte Carlo is equipped with rear-seat safety-belt child comfort guides. These guides make wearing safety belts more comfortable for children who have outgrown available child restraints. Rear outboard safety belts are also designed to accommodate child seats without the use of any add-on hardware or clips.

THE LUXURY OF QUIET

Monte Carlo is a very quiet car, thanks to an aerodynamic design that reduces highway wind noise, and the strategic use of advanced sound-deadening materials. Liquid-filled engine/transmission mounts also reduce noise and vibration to a minimum.

TWO-SIDE GALVANIZED STEEL

Excellent corrosion protection is provided by the use of two-side galvanized steel for all exterior body panels (except the roof). The zinc coating actually helps prevent outside surface rust due to minor chips or scratches as well as resisting inside rust. Monte Carlo also features clear coat paint for a durable, lustrous finish that reduces the severity of water spotting and etching from acid rain.

FOUR-WHEEL INDEPENDENT SUSPENSION

The Monte Carlo chassis delivers excellent ride and response, thanks in part to a fully independent rear suspension, front and rear stabilizer bars, and specially tuned shocks and springs.

FRONT-WHEEL DRIVE

The combination of front-wheel drive and all-season radial tires provides excellent traction and driving stability in the snow.

FOUR-WHEEL ABS

A standard four-wheel anti-lock brake system helps maintain steering control and prevent skidding when braking on most slippery surfaces.

STANDARD SECURITY SYSTEM

PASS-Key II is a totally passive theft-deterrent system designed to help keep your Monte Carlo safe and secure. Only your special coded ignition key starts your 1995 Monte Carlo. If an attempt is made to start the car without the proper key, the ignition system is disabled.

THE INNOVATIVE FUEL FILLER

There's actually a table tennis ball inside the fuel tank filler of every 1995 Monte Carlo. Its function is very simple. As you fill the tank at the gas station, the table tennis ball floats to the top and seals the fuel filler opening. This helps prevent gas from splashing back and getting on your hands, clothes or shoes.

STAINLESS STEEL EXHAUST SYSTEM

The Monte Carlo stainless steel exhaust system is designed to resist corrosion and last longer than conventional systems.

Excellence by design.

Monte Carlo is designed and built to an overall level of excellence that compares proudly with the world's finest coupes.

Standard safety features include dual air bags, front and rear crush zones to help dissipate crash forces and an energy-absorbing steering column. Front and rear 5-mph impact-absorbing bumpers with resilient body-color covers are standard equipment.

Monte Carlo also is built with two-side-galvanized steel for all exterior body panels

except the roof. The result is protection against corrosion that is unsurpassed in the auto industry. Monte Carlo is further protected by multiple layers of rust-fighting paint, including a topcoat of durable clear-coat for a deep, wet-look shine.

Every Monte Carlo has millions of test miles behind it, at the auto industry's finest research and testing facilities (the General

Motors Technical Center and the GM Proving Grounds in Michigan, Arizona and Canada).

You want the best car you can buy at a price you can realistically afford. Monte Carlo may be exactly what you had in mind.

Monte Carlo LS. The affordable classic.

Monte Carlo LS. A beautiful place to be.

We didn't design Monte Carlo LS just to be beautiful. It had to be priced less than comparably equipped Japanese coupes. It had to

offer more six-passenger room and comfort than any other coupe in its price range. It had to be a smooth, responsive performer with a fun-to-drive attitude. And it had to give you all the standard features you expect in a well-appointed, spirited coupe.

Standard technology includes a 160-hp, 3100 V6 with Sequential-Port Fuel Injection mated to an electronically controlled four-speed automatic transmission, a four-wheel anti-lock brake system (ABS) and a fully independent suspension.

Inside Monte Carlo LS, you'll find a 60/40 Custom Cloth split-bench front seat with a center folding armrest (shown below). Or you can choose optional 40/40 Custom Cloth bucket seats or optional 40/40 bucket seats with leather seating surfaces.

Convenience features include air conditioning (with CFC-free refrigerant), power door locks and power windows. Nighttime "theatre lighting" is also standard. It starts out bright when you get in the car, then gradually dims as you prepare to drive away.

Monte Carlo LS interior
with Custom Cloth 60/40 front seat.

Genuine Customer Care.

Chevrolet is committed, in every way, to your total satisfaction with your 1995 Monte Carlo. That commitment starts with a quality car, and it continues with a promise to treat you as a valued customer. Always.

As a Monte Carlo owner, you are covered by Genuine Customer Care, a comprehensive owner-protection plan that includes a 3-year/36,000-mile bumper to bumper limited warranty, Courtesy Transportation if your car needs warranty service, and a 24-hour Roadside Assistance Program.

BUMPER TO BUMPER WARRANTY

Every new Monte Carlo is backed by an extensive no-deductible Bumper to Bumper Warranty for 3 years or 36,000 miles, whichever comes first. See your Chevrolet dealer for terms of this limited warranty.

COURTESY TRANSPORTATION

Customers who purchase or lease a 1995 Monte Carlo will be able to take advantage of Courtesy Transportation at no additional charge when their vehicles are left at a participating dealership for repairs covered under the 3-year/36,000-mile New Vehicle Limited Warranty.

See your participating dealer for details.

24-HOUR ROADSIDE ASSISTANCE

For as long as you own your 1995 Monte Carlo, the security and convenience of round-the-clock roadside assistance is available via a toll-free hot line (1-800-CHEV-USA). Your call will be answered by a Roadside Assistance phone advisor trained by Chevrolet. You will be placed in contact with a nearby service center, and assistance with towing and other helpful services will be arranged.

Please see your Chevrolet dealer for more details.

NOTE: Tire chains should not be used on Monte Carlos equipped with P225/60R-16 tires because they could cause damage to these vehicles.

Monte Carlo Safety Features

OCCUPANT PROTECTION

- Supplemental Inflatable Restraint: manual lap/shoulder safety belts and air bags, driver/front passenger
- Manual lap/shoulder safety belts, outboard rear-seat positions
- Manual lap safety belts, center front/rear-seat positions
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Interlocking door latches
- Folding front seat back locks, inertia type
- Safety armrests
- Breakaway inside rearview mirror
- Security door locks and door-retention components
- Laminated windshield glass, urethane bonded
- Integral front head restraints
- Side-guard door beams
- Passenger-guard inside door-lock handles
- Front and rear crush zones.

ACCIDENT AVOIDANCE

- Side-marker lamps and reflectors
- Parking lamps
- Four-way hazard warning flashers
- Backup lamps
- Directional signal control
- Windshield defrosters, washer and multi-speed wipers
- Inside day/night rearview mirror
- Outside rearview mirrors
- Brake system with dual master cylinder plus warning light
- Center high-mounted stop lamp
- Starter safety switch

- Dual-action hood latch
- Low-glare finish (inside windshield moldings, wiper arms and blades, metallic steering-wheel surfaces)
- Illuminated heater and defroster controls
- Tires with built-in tread-wear indicators
- Audible disc brake lining-wear indicators
- Anti-lock brakes
- Brake/transmission shift interlock.

THEFT DETERRENCE

- Visible vehicle identification number
- Laser-etched VIN plate
- Marked body parts
- Theft-deterrent steering column lock
- PASS-Key II personal security system
- Remote inside hood release.

A word about...

BUMPER TO BUMPER WARRANTY

The GM 3-year/36,000-mile (whichever comes first) limited warranty covers repairs for all 1995 Monte Carlos, including labor and parts, to correct any defects in material or workmanship occurring during the warranty period. Warranty features include air conditioning repair, towing, no-cost warranty transfer, 6-year/

100,000-mile (whichever comes first) body sheet-metal rust-through protection and 5-year/50,000-mile emissions control system coverage. Items not covered by the warranty include tires (which are covered by their manufacturer) and normal maintenance. See your Chevrolet dealer for terms of this limited warranty.

100,000-mile (whichever comes first) body sheet-metal rust-through protection and 5-year/50,000-mile emissions control system coverage. Items not covered by the warranty include tires (which are covered by their manufacturer) and normal maintenance. See your Chevrolet dealer for terms of this limited warranty.

CUSTOMER ASSISTANCE

The Chevrolet Customer Assistance Center (CAC) has a special toll-free number (1-800-222-1020). It puts you in contact with Chevrolet experts who can handle any product/service question you may have.

GM PROTECTION PLAN

The available GM Protection Plan offers service protection in addition to that provided by GM's new-vehicle limited warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.

ENGINES

Chevrolets are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

CORROSION PROTECTION

Chevrolets are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years/100,000 miles. Application of additional rust-inhibiting materials is not required under the corrosion coverage.

ASSEMBLY

Chevrolets are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolets incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolets with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolets and will provide the quality performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you. Monte Carlos are assembled in Oshawa, Ontario, Canada.

UPDATED SERVICE INFORMATION

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll free 1-800-551-4123.

IMPORTANT: A WORD ABOUT THIS CATALOG

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.

GMAC FINANCIAL SERVICES At your Chevrolet dealer, financing or leasing your new Monte Carlo can be as easy as saying GMAC. With GMAC, financing or leasing is done right in the showroom. Terms are tailored to suit your personal needs, and you can choose your monthly payment date. Ask your dealer about GMAC's special SMARTLEASESM and SMARTBUYSM programs.

TURN PLASTIC INTO STEEL WITH THE GM CARDSM

The GM MasterCardSM, with no annual fee, is the revolutionary financial vehicle specifically designed to help put you behind the wheel. Every time you use it, GM will credit 5% of your purchase toward buying or leasing the GM car or truck of your dreams. It could mean saving hundreds, even thousands of dollars over and above any other discounts or rebates. Call 1-800-8GM-CARD for more information, including annual limits and restrictions.

A note about air bags: Always wear safety belts, even with air bags.
