

2017-2018 Hyundai

Full Line

We've been ranked #1 in brand loyalty for 8 years in a row. Here's why.

In the most recent Brand Keys Customer Loyalty Index, Hyundai ranked #1 among all automotive brands – the eighth year in a row Hyundai has topped the rankings.¹

What makes our customers so loyal? They know that as good as their current Hyundai is, they can expect the next one will be even better. Better designed. Better built. Able to protect you better and connect you better.

Our belief in better is why we've emerged as a leader in the research and development of alternative fuel vehicles, automotive safety and connected car technologies. It's also why we continue to back every new Hyundai with America's Best Warranty.

Take a closer look at the Hyundai lineup for 2018. We're confident that among our latest sedans, crossovers, SUVs and hybrid models, you'll find a Hyundai that's perfect for your needs.

From the Antarctic to the Mojave Desert, our testing literally goes to extremes.

Driving The First Car To Ever Cross Antarctica

"Ernest Shackleton's great-grandson drove a remarkably stock Hyundai across the South Pole, exactly 100 years after his great-grandfather's attempt."
- RoadandTrack.com, April 26, 2017

- Start date : December 4, 2016
- Total distance : 3,700 miles
- Low temperature : -18.4° F
- Tour schedule : 30 days driving 20 hours/day
- Vehicle : Lightly modified Hyundai Santa Fe

"I believe it is in our nature to explore, to reach out into the unknown. The only true failure would be not to explore at all." – Sir Ernest Shackleton

In the middle of California's Mojave Desert sits the 4,300-acre Hyundai Proving Grounds. It's a place where temperature and time conspire to push machines beyond the breaking point. With the summer heat rising to 120° F, the reliability and durability of Hyundai vehicles is proven under the harshest conditions.

Recently, we went to the opposite extreme: The Antarctic. There, Hyundai set out to help finish a journey started more than a century ago, when legendary explorer Sir Ernest Shackleton and a team of 28 brave men were forced to call off an attempt at the first trans-Antarctic crossing. Headed by the explorer's great-grandson Patrick Bergel, this expedition in a lightly modified Hyundai Santa Fe proved to be the ultimate test of endurance.

No passenger vehicle had ever done anything remotely close to what this Hyundai Santa Fe was attempting. Those familiar with the Antarctic doubted it could be done. But fitted with giant heavy-duty, low-pressure snow tires, the Santa Fe set out on a month-long trek across 3,700 miles of icy, often mountainous terrain. The only incident? A 45-minute stop to tighten a loose bolt.

Facing below-zero temperatures that can break heavy machinery into pieces, the Hyundai Santa Fe made history in late 2016 by crossing the Antarctic – and back again. We invite you to take your own test-drive at your Hyundai dealer. It won't be a 3,700-mile drive like our trek across the Antarctic...but what you'll discover might be every bit as rewarding.

Hope makes every Hyundai better.

At Hyundai, our vehicles come loaded with a lot of outstanding features – including one you can't even see: Hope. Hope is just under the hood of every new Hyundai. Each time we sell a new vehicle, a portion goes to Hyundai Hope on Wheels® to help find a cure for childhood cancer.

Over the last 19 years, Hyundai Hope on Wheels has donated more than \$130 million dollars and counting to support pediatric cancer research. Hope is our greatest feature. And it comes standard on every Hyundai we sell. For more information on Hope On Wheels, please visit HyundaiHopeOnWheels.org.

So user-friendly, it'll remind you of what friends are for.

Sonata Limited with Ultimate Package in Machine Gray

“The (MyHyundai) app offers a fantastic climate-control function via the remote-start system. Users can opt to turn on the front defroster, adjust the interior temperature, and even set the amount of time the engine will idle during a remote start.” – *Car and Driver, December 2016*

What do you call a mobile connectivity technology that transforms your new Hyundai into a vehicle unlike any you've ever owned? A technology that's so intuitive, it's earned industry accolades for user-friendliness? You call it Blue Link®.

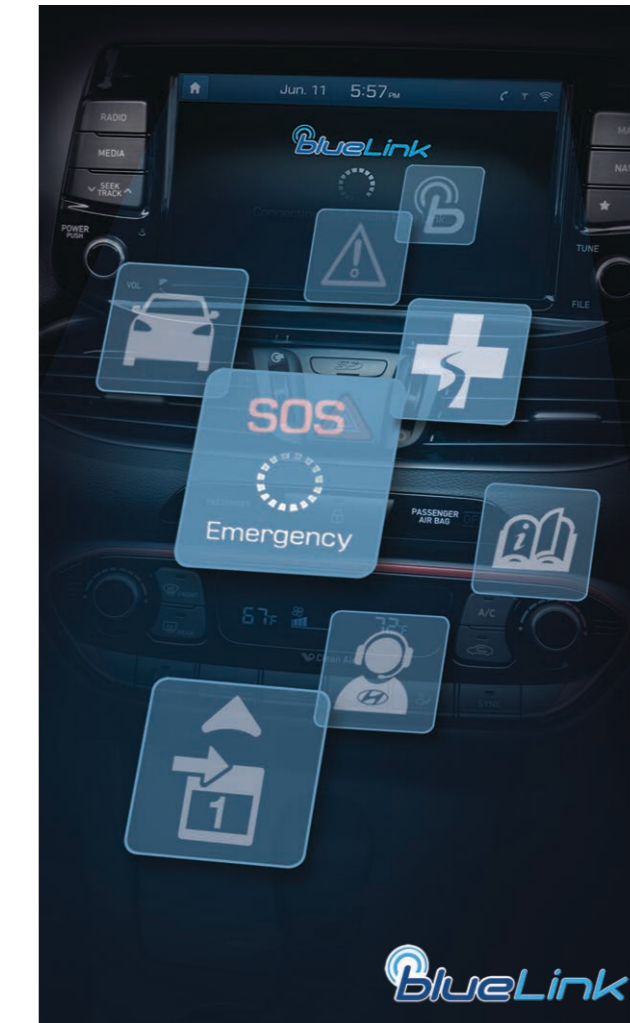

Using our MyHyundai with Blue Link app, you can ask your smartphone to start your Hyundai while you're finishing breakfast in the kitchen – and warm or cool its interior before you hop in and head for work.³ Blue Link for Apple Watch™ or Android Wear™ offers an additional level of convenience for starting the engine remotely or locking/unlocking the doors from almost anywhere. There's even a Car Finder feature lets you navigate your way through crowded stadiums or shopping malls back to your parked Hyundai.

With Blue Link Guidance, you can tap Destination Search Powered by Google™ to quickly find new restaurants or points of interest that may not be updated yet on your car's maps, then send directions from your smartphone to your vehicle's navigation system.

Teenager borrowing the car? Geo-Fence, Speed and Curfew Alert features let you rest easy. And here's more peace of mind: Blue Link Connected Care. This comprehensive safety and car care package offers 24/7 SOS Emergency Assistance and Automatic Collision Notification that calls for help if you've been in an accident where the airbags deploy.

Monthly Vehicle Health Reports offer a convenient way to help ensure your Hyundai is in optimal condition. And scheduling a service appointment is just as easy using the touchscreen in your Hyundai or your MyHyundai smartphone app.

We're continually finding better ways to make life between your home, your office and your Hyundai full of great experiences. After all, that's what friends are for.

Free For Three

What gives Hyundai owners a better connection to the things they need? Our award-winning Blue Link Connected Car System, now complimentary for the first 3 years of ownership. For details on all of the Blue Link features offered, visit HyundaiBlueLink.com.²

Voices Carry

Blue Link Remote Access also integrates with Amazon Alexa and Google Assistant voice services. Now, you can ask your Amazon Echo or Google Home device to start your Hyundai's engine, unlock the doors and set the cabin temperature while you're packing a lunch (or, for the more talented among us, brushing your teeth).

Santa Fe Sport 2.0T Ultimate with Ultimate Tech Package in Pearl White / Santa Fe Limited Ultimate with Ultimate Tech Package in Storm Blue

2018 Hyundai

Santa Fe Santa Fe Sport

Is Santa Fe the right size SUV for you? The answer is yes, yes and yes.

Santa Fe drives with a responsiveness and agility that's surprising for an SUV of its size. Take the Santa Fe Sport 2.0T – it uses a technically advanced twin-scroll turbo to boost the power of its 2.0L 4-cylinder engine. With 240 horsepower and 260 lb-ft of torque, it feels like a V6 while sipping fuel to the tune of an EPA-estimated 28 MPG on the highway.⁵

Santa Fe models equipped with the 3.3L V6 have 290 horsepower and 252 lb-ft of torque to make heavy hauling look easy. Driving duties are also less stressful, thanks to Hillstart Assist Control, Downhill Brake Control and an available Active Cornering Control All Wheel Drive that add confidence whether you're towing or not.

And whether you choose a Santa Fe seating 5, 6 or 7 passengers, you're protected by advanced safety systems that include available Automatic Emergency Braking with Pedestrian Detection,⁶ Blind Spot Detection with Rear Cross-traffic Alert, Lane Change Assist and more.⁷ This fusion of technologies helped the 2017 Santa Fe equipped with available Automatic Emergency Braking and High Intensity Discharge headlights earn an IIHS Top Safety Pick+ rating.⁸ The Santa Fe Sport? It earned a 2018 NHTSA Overall 5-Star Safety rating¹⁸ and, when equipped with Automatic Emergency Braking, a 2017 IIHS Top Safety Pick rating, too.¹⁰

Rows Of Comfort And Convenience

Face it – one size seldom fits all. That's why we offer Santa Fe in a range of models with 5-, 6- or 7-passenger seating. You might find our 2-row, 5-passenger Santa Fe Sport is just the right size. Or perhaps bigger is better for you? Our 3-row Santa Fe is built on a longer wheelbase that creates the extra room you need to carry more passengers and gear, including 80 cubic feet of cargo space with the 2nd- and 3rd-row seats folded flat.

Views All Around

Our 2018 Santa Fe Sport 2.0T Ultimate and Santa Fe Ultimate models feature a standard rearview camera and Multi-view Camera system that displays an overhead view to help you see the area all around your vehicle. The touchscreen display's split screen also allows you to view navigation maps and music apps simultaneously. Welcome to multitasking at its most effortless.

Like Magic

Approaching the rear of your Santa Fe with your hands full? No problem. The 2018 Hyundai Santa Fe recognizes it's you by the Proximity Key in your pocket or purse, and the hands-free smart liftgate opens automatically. It's also height-adjustable to accommodate large loads and low garage ceilings.⁹

Tucson Limited with Ultimate Package in Molten Silver

2017 Hyundai

Tucson

Want to stand out from the crowd? Step into Tucson.

How satisfying your vehicle feels behind the wheel depends on literally thousands of factors. But it starts with the engine. A 175-hp GDI 4-cylinder turbocharged engine comes standard on select Tucson models. It's mated to a 7-speed EcoShift® Dual Clutch Transmission that creates smooth, instantaneous gear shifts and boosts fuel economy up to an EPA-estimated 32 MPG highway rating for Tucson Eco.⁵

An arsenal of advanced safety features like available Automatic Emergency Braking with Pedestrian Detection and Blind Spot Detection with Lane Change Assist helped Tucson earn a 2017 NHTSA 5-Star Overall Safety rating¹⁸ and Tucson Limited earn a 2017 IIHS Top Safety Pick rating.¹⁰ Standard rearview camera? Available rear parking sensors? It's all there.

The smooth, quiet ride you enjoy is the result of a rigid body structure laced with advanced high-strength steel and bonded with the same structural adhesives used in aerospace. Hyundai engineers also optimized the suspension geometry for a perfect balance of handling agility and supple ride comfort.

Inside its spacious interior, Tucson Limited comes standard with a hi-resolution 8" touchscreen. A split-screen display makes it easy to see at a glance what you need to know from multiple sources, whether that's the advanced navigation or the 315-Watt Infinity® Premium Audio System with Clari-Fi™ Music Restoration Technology. Tucson's Apple CarPlay™ and Android Auto™ compatibility makes it easy to access music, messages, maps and more from your smartphone with simple voice commands.⁴

Corner Like You're On Rails

See those available 19" alloy wheels? That's where Tucson's power meets the road. To optimize traction and improve lateral stability while cornering, Tucson is equipped with an available Active Cornering Control AWD system. It uses an engineering advance known as torque vectoring to dynamically transfer power between the front wheels and rear wheels – and even side-to-side to each wheel – to ensure the engine's power is always being sent to the wheels with the most grip.

Nighttime Is Light Time

Tucson Limited's automatic LED headlights aren't only stylish – they offer increased illumination as well for greater nighttime visibility while drawing less power than traditional lighting. Opt for Tucson's available HID headlights, and Hyundai's Dynamic Bending Light follows the turns of your steering wheel for improved visibility when cornering.

Putting The Fun In Functional

Tucson's hands-free smart liftgate automatically opens wide for easy access to a dual level cargo area designed to help you extract maximum enjoyment from your journeys.⁹ The 60/40 split-folding and reclining rear seats offer versatile passenger and storage options with up to 61.9 cubic feet of space. A retractable cargo cover is also available to help conceal the items you stow inside.

Sonata Limited with Ultimate Package in Machine Gray

2018 Hyundai

Sonata

So well-equipped, the window sticker barely fits.

When your starting point is a car that's been named a Best Family Sedan by Kelley Blue Book's KBB.com¹¹ and a 2017 Best Midsize Car for the Money by *U.S. News & World Report*,¹² it's not easy finding room for improvement. But that's just what the new 2018 Sonata has done. Created at Hyundai's California Design Studio, Sonata's bold new sculptural form wraps around class-leading interior space.¹³ It drives beautifully, too, thanks to Drive Mode Select. Choose your mode – comfort, fuel economy or a sporty feel – and it alters engine, transmission and steering response so your Sonata drives to suit your mood. Our 2.0T models include a Smart setting that adjusts the drive mode to sync with your driving habits.

Our new Sonata Limited and Limited 2.0T models augment best-in-class roominess with a level of standard and available premium features that's equally exceptional. Soothing heat or cooling ventilation keeps front seat occupants comfortable, while the relaxation of rear seat passengers is enhanced by privacy shades that raise to cover the side windows.¹⁴ If all of that sounds good, wait until you hear Sonata's available 400-Watt Infinity® Premium Audio System.¹⁴ With 10 speakers strategically placed to turn the interior into a concert hall, it'll make your commute time the best part of your day.

Sonata is also the first car in its class to provide Blind Spot Detection, Rear Cross-traffic Alert and Lane Change Assist as standard safety features.¹³ A split-screen display lets you view navigation and music settings at a glance. Amazon Alexa and Google Home voice service integration lets you activate Hyundai Blue Link Remote features using voice commands inside your house. And a wide range of models means the 2018 Sonata leaves room for the most important thing of all: Your personal preferences.

Twin Peak

In top-of-the-line Sport 2.0T and Limited 2.0T models, a 245-horsepower engine uses a twin-scroll turbocharger and new 8-speed automatic transmission to maximize performance with extra thrust off-the-line and a quieter, more fuel-efficient dash down the interstate. The engine's twin-scroll turbocharger creates a remarkable power boost using one of the most advanced designs available – a design that mimics the effect of a pair of turbochargers without the mechanical complexity or delay in power delivery known as "turbo lag". The 260 lb-ft of peak torque thrust is as immediate as the rush of adrenalin you feel behind the wheel.

Cut The Cord

Your smartphone is an indispensable part of your life. Is keeping your phone charged without a tangled cord cluttering up the center console too much to ask? Hyundai doesn't think so. Which is why the 2018 Sonata Limited and Limited 2.0T feature a built-in Qi-standard wireless charging pad. Set your compatible smartphone on the pad, and it charges automatically.¹⁴

Parking Made Easy

For 2018, Sonata Limited and Limited 2.0T feature parking sensors located in the rear bumper that alert the driver using audible and visual warnings if you're getting close to obstructions behind your car.¹⁴ A wide-angle image is displayed on the audio screen at low parking speeds while backing up, thanks to a rearview camera that's standard on every Sonata we build.

Elantra Sport with Premium Package in Scarlet Red

2018 Hyundai

Elantra

Fun. Now available in six different variations.

In the new sixth-generation Elantra, art and science blend to achieve an aerodynamic shape that's remarkably fuel efficient, roomy and quiet inside. So roomy, in fact, Elantra is classified by the U.S. government as a midsize rather than a compact car. The spacious comfort of a midsize sedan with the exterior dimensions of a compact car make Elantra a breeze to park. And a lot of fun to drive.

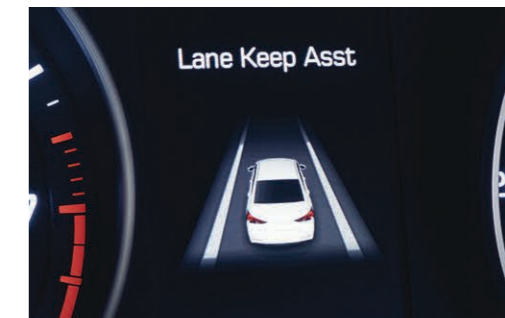

Naturally, everyone's got a different idea of fun. Which is why we've engineered Elantra with a choice of three engines and three transmissions. Elantra SE, SEL, Value Edition and Limited come standard with a spirited 2.0L Atkinson Cycle engine whose 147 horsepower eclipses its Toyota Corolla and Nissan Sentra counterparts.¹³ Elantra Eco is powered by a 1.4L turbo GDI engine and 7-speed EcoShift® Dual Clutch Transmission (DCT) that's so efficient, it achieves an EPA-estimated 40 MPG highway rating and 35 MPG combined rating.⁵ And then there's Elantra Sport. Its 201-horsepower turbo GDI engine is mated to a 6-speed manual or available 7-speed DCT gearbox with steering wheel paddle shifters.

Elantra Limited is packed with premium features like a segment-exclusive hands-free smart trunk release.¹⁵ There's also Proximity Key entry with push button start, available Smart Cruise Control,¹⁶ Automatic Emergency Braking with Pedestrian Detection, and headlights that track with the road as you corner (a feature usually reserved for luxury sedans). Android Auto™ and Apple CarPlay™ support keeps your digital life handy, while our award-winning Blue Link® puts a world of security and connected convenience at your command. The only question is, which of our expanded Elantra lineup is best for you?

Premium Comfort

Walk up to the Elantra sedan, and available door handle approach lighting normally found on luxury sedans lets you know you've arrived somewhere special. Elantra greets you with the warm welcome of available heated front seats that feel custom-tailored. In Elantra Sport, those seats are bolstered and tailored with the same red contrast stitching you see on the flat-bottom leather steering wheel that reaches for your palms. On our Limited model, there's a rear seat heating option, too. Elantra Limited is also the first car in its segment with an available Integrated Memory System that recalls driver seat and side mirror settings.

Know Your Lane

Available Lane Departure Warning with Lane Keep Assist alerts you if the car begins to drift outside of your lane without signaling. It even applies corrective steering assistance as needed.¹⁷ Time to change lanes? Every 2018 Elantra except the SE offers Blind Spot Detection, Lane Change Assist and Rear Cross-traffic Alert standard – a claim the 2017 Toyota Corolla and Honda Civic can't make.¹³

Hear That?

Elantra's available Infinity® Premium Audio System uses Clari-Fi™ Music Restoration Technology to help restore sound quality lost with today's digitally compressed music and satellite radio's lower fidelity music streams. Even the most discerning audiophile will be impressed by the deep bass, clear mid-range and crisp highs. It's like you're listening to a live performance.

Elantra GT Sport with Sport Tech Package in Summit Gray

2018 Hyundai

Elantra GT

Five doors. Never a dull moment.

It's a simple formula, isn't it? Create a car that's incredibly entertaining to drive – so compact, quick and agile that whether you're guiding it through urban congestion or carving across a mountain road, the car's in its element. Make that very same car so roomy, so versatile and loaded with technology, it's at home everywhere from the carpool lane to the campsite. And do all of this without sacrificing exceptional fuel economy. As reasonable as that sounds, only a handful of cars come close to fitting the description. And none does it better than the all-new 2018 Elantra GT.

Our European Design Center in Germany sculpted Elantra GT's bold new shape with stylish details like a cascading grille and satin chrome window trim. Hyundai engineers also used Germany's famed Nürburgring race track and our testing grounds in California's Mojave Desert to prove its performance, durability and handling.

Open the hatch. Fold down the rear seats. And check out all of the easy-loading room you're likely to need for the day's activities, be it a snow day or a day at the beach. After your active day outdoors, Elantra GT can get you home safely with the help of available Driver Attention Alert, which monitors your driving and alerts you if it detects driver fatigue.¹⁹ It's an innovation typically found only on high-end luxury vehicles. But that's what can happen when you're driven to do things better.

Play A New Sport

Inside Elantra GT Sport, reminders that you're in a hot hatch are everywhere. There's the standard leather seats with more aggressive side bolsters and contrast stitching. Steering wheel paddle shifters at your fingertips, alloy pedals at your feet and sport-inspired accents throughout the interior. Our 2018 model also has 8% more cargo room than the previous generation – with the rear seats folded down, its cargo volume exceeds the Mazda 3 5-door, VW Golf, Ford Focus Hatchback, Honda Civic Hatchback and Chevy Cruze Hatchback.¹³

Silent Partners

Available Automatic Emergency Braking with Pedestrian Detection senses a vehicle or pedestrian in front of your car and warns of a potential collision. If the driver doesn't react to avoid impact, emergency braking is automatically applied. Elantra GT Sport's available Smart Cruise Control adjusts your speed to maintain a safe distance from vehicles ahead. It can even stop and start automatically.¹⁶

Remote Control

Elantra GT now lets you access Blue Link Remote services using Google Home or Amazon Alexa voice commands. Just ask Google Assistant or Alexa to remotely start your car and set climate controls while you're getting ready to leave.³ It's one example of why Hyundai's connected car options have earned industry recognition for being so intuitively easy to use.

Accent Limited in Urban Gray

2018 Hyundai

Accent

Accentuate the positive.

That's exactly what the designers and engineers at Hyundai did to bring you the new 2018 Accent. A new cascading grille design, wraparound headlights and taillights, and available 17-inch alloy wheels combine to put an emphatic accent on style. Overall, it's wider and longer, so it's roomier inside. The ride is quieter and smoother as well, thanks to a body that makes increased use of advanced high-strength steel bonded by aerospace-grade adhesives.

The hushed interior is the perfect environment to enjoy the surprising level of luxury that our Accent Limited model has to offer. It starts with the effortless access of a Proximity Key with push button start and a hands-free smart trunk release. Adjust the tilt-and-telescopic steering wheel to your liking, and settle into the heated front seats. Now set the automatic temperature controls. Plug your digital devices into Accent's dual USB charging ports, and check out how seamlessly your smartphone integrates with the 7" touchscreen display through Android Auto™ and Apple CarPlay.™

For 2018, every Accent also comes standard with a rearview camera and is available with Automatic Emergency Braking. Because we all need a little help keeping things moving in a positive direction sometimes.

Change It Up

Some days, you need to carry cargo, not passengers. Other days, it's the reverse, right? Accent quickly converts its back seating area with rear seatbacks that split 60/40. Together with Accent Limited's segment-first hands-free smart trunk release that opens automatically when you stand near the rear of the car for 3 seconds with the Proximity Key in your pocket or purse, you have the versatility to configure your car so it handles whatever's in your weekday or weekend plans.

Functionality At Your Fingertips

What makes the Accent driver a master of multitasking? Fingertip controls on the steering wheel that allow you to keep both eyes on the road and both hands on the wheel. The switches let you intuitively answer incoming phone calls, change radio stations or audio volume, and set the speed of Accent's cruise control.

A Smarter Way To Smartphone

An available 7" display with Android Auto and Apple CarPlay compatibility helps make the transition from home to car seamless. Each lets you make calls, send and receive messages, listen to music playlists and activate your phone's navigation using familiar touchscreen or voice commands.

Ioniq Plug-in Hybrid Limited with Ultimate Package in Ceramic White

2018 Hyundai Ioniq

Welcome to the power of choice.

The Hyundai Ioniq is the world's first car offered in three electrified powertrains. Ioniq Hybrid uses electric power to help you go farther on a gallon of gasoline. How far? Ioniq Hybrid Blue is rated at 59 MPG on the highway by the EPA, making it the most fuel-efficient non-plug-in car in America.¹³ The all-new Ioniq Plug-in Hybrid is electric when you want it, and gas when you need it. Then there's the Ioniq Electric, which lets you charge from home or work – and never stops for gas.

Built on a dedicated platform to enhance efficiency, comfort and handling, the 2018 Ioniq Hybrid and Plug-in Hybrid employ aerodynamic design elements like wheel air curtains and active air flaps integrated into the front grille. Managing airflow this way helps achieve an industry-best 0.24 coefficient of drag that decreases wind noise while optimizing fuel efficiency.¹³

Placing Ioniq Hybrid's state-of-the-art lithium-ion polymer battery below the 2nd-row seats helps create 122.7 cubic feet of total interior volume, eclipsing the 2017 Toyota Prius Hybrid.¹³ Ioniq fills that space with premium features like an available power tilt-and-slide sunroof, heated front seats with available driver's memory settings,²¹ a Bluetooth® hands-free phone system with wireless audio streaming, and more. There's also a standard 7" color touchscreen with Android Auto™ and Apple CarPlay™ support. The forward-thinking Ioniq even comes with something to help you see what's behind you: A standard rearview camera with dynamic guidelines that aid in reversing out of driveways or parking spaces.

Eco-Friendly Inside, Too

Innovative powertrains are just one way Ioniq is changing automotive design. Look at the interior, and you'll see Hyundai has developed smarter ways to make cars roomy, comfortable and eco-friendly. Run your hand across the Ioniq's armrest. That soft touch you feel is the result of a radical new technique we discovered for making bio-plastic materials from sugar cane fibers. Recycled plastics combined with powdered wood and volcanic stone help make components within the Ioniq interior strong yet light.

Extending Your Power

Our Blue Link Remote app lets you check your Ioniq Plug-in Hybrid's battery charge level and vehicle range, start or stop the charging process remotely, and create custom weekly charging schedules. You can also activate your Ioniq's climate control system from inside your house using Google Home or Amazon Alexa voice commands.

Automatic Jump-Start

The 2018 Ioniq Hybrid features the world's first 12-volt battery that's integrated with the car's powerful lithium-ion polymer hybrid battery pack. If your car battery drains after leaving the lights on at night, simply push the "12V Batt Reset" button, and your Ioniq's lithium-ion polymer battery pack delivers an automatic jump-start.

Sonata Hybrid Limited with Ultimate Package in Diamond White Pearl

2017 Hyundai

Sonata Hybrid/ Plug-in Hybrid

All systems go.

The unsurpassed passenger and cargo volume you enjoy is your first indication these are no ordinary hybrids. The feeling you get as you drive a Sonata Hybrid or Sonata Plug-in Hybrid at speed offers another revelation: They're luxury performance sedans that happen to be hybrids.

Sonata Hybrid's 193 net-horsepower hybrid engine delivers an EPA-estimated 45 MPG on the highway.⁵ Onboard Sonata Plug-in Hybrid, a 202 net-horsepower hybrid powerplant and large-capacity lithium-ion polymer battery pack combine to deliver an impressive all-electric range of approximately 27 miles. Not to mention an eye-popping driving range estimated by the EPA at 590 miles in gas/electric hybrid mode, and an estimated efficiency rating of 99 MPGe.²⁰

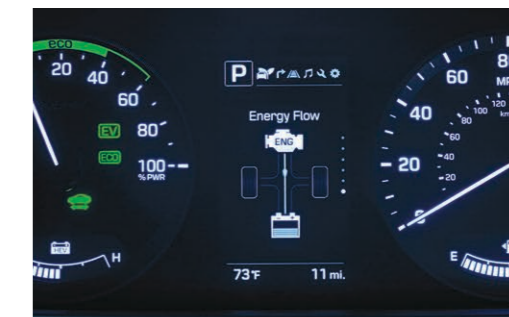

Inside, both models are surprisingly spacious. Sonata Hybrid welcomes you with class-leading passenger volume.¹³ You can fill all that space with amenities like heated and ventilated front seats, an Infinity® Premium Audio System and dual automatic temperature control. A large touchscreen serves as your command center for advanced navigation and audio systems, as well as integrating with your compatible smartphone and Hyundai Blue Link, our award-winning connected car system.

It's all backed by America's Best Warranty. The hybrid-related components are covered for 10 years or 100,000 miles with a lifetime hybrid battery warranty – no other car in its class matches that.

Fast, Powerful Charging

What makes Sonata Plug-in Hybrid such a powerful idea? Simply put, it's a powerful car. Its lithium-ion polymer battery pack has the largest capacity of any midsize hybrid sedan.¹³ Yet it takes less than 3 hours to recharge when you plug it into a 240V charger. Using a 120V household electrical outlet takes under 9 hours – start charging your Sonata Plug-in Hybrid when you get home for the evening, and you're good to go by morning.

Blue Drive

Sonata Hybrids switch seamlessly between a gasoline-powered GDI engine and an electric motor for steady surges of efficient power. A gasoline engine delivers the primary charge energy for advanced lithium-ion polymer batteries, while a regenerative braking system assists by harvesting kinetic energy and converting it into electricity.

Smooth Moves

Slip behind the wheel, push the 2017 Sonata Hybrid's start button and press the accelerator pedal. Notice how natural it feels? That's our 6-speed automatic transmission with SHIFTRONIC® at work. It's a more linear and natural-feeling driving experience compared to the continuously variable transmissions used on some competing hybrid sedans.

2017-2018 Hyundai Lineup

2018 Santa Fe

Powertrain Features

- 290 hp/252 lb-ft 3.3L GDI V6 engine
- 6-speed automatic transmission with SHIFTRONIC® manual controls
- Transmission cooler
- Drive Mode Select
- All Wheel Drive with Active Cornering Control

Styling and Safety Features

- Auto-leveling HID headlights with LED accents and Dynamic Bending Light
- High Beam Assist
- LED Daytime Running Lights/front foglights
- Roof rack side rails
- Heated power side mirrors
- 18" / 19" alloy wheels
- Chrome-tipped dual outlet exhaust
- Vehicle Stability Management
- Traction Control System
- Lane Departure Warning
- Rear Cross-traffic Alert/rear parking sensors
- Smart Cruise Control with stop/start
- Electronic Parking Brake/Automatic Vehicle Hold
- Trailer prep package

Comfort and Technology Features

- Dual automatic temperature control with CleanAir Ionizer
- Tilt-and-telescopic leather-wrapped steering wheel with audio/phone/cruise controls
- Heated steering wheel
- Leather/stain-resistant cloth seating surfaces
- Heated/ventilated front and heated rear seats
- Power driver seat with 4-way lumbar support
- Integrated Memory System for driver
- Power height-adjustable passenger seat
- 6-passenger seating/2nd-row captain's chairs
- 7-passenger seating with 50/50 split-folding 3rd-row bench seating
- 2nd-row sliding 40/20/40 split-folding seats with cargo area releases
- 7" color touchscreen display with rearview camera
- 8" LCD touchscreen navigation system
- Multi-view Camera system
- 590-Watt Infinity® Premium Audio System with Quantum Logic® Surround Sound and Clari-Fi™ Music Restoration Technology
- Bluetooth® hands-free phone system with voice recognition and audio streaming
- Manual rear side-window sunshades
- Amazon Alexa & Google Home voice integration

Popular Features

- All Wheel Drive with Active Cornering Control
- Automatic Emergency Braking with Pedestrian Detection
- Proximity Key entry with push button start
- Hands-free smart liftgate with auto open
- Power tilt-and-slide panoramic sunroof
- Android Auto™ & Apple CarPlay™ support
- Blind Spot Detection/Lane Change Assist
- 6- or 7-passenger seating configurations
- Blue Link® Connected Car System
- Multi-view Camera system

2018 Santa Fe Sport

Powertrain Features

- 185 hp/178 lb-ft 2.4L GDI 4-cylinder engine or 240 hp/260 lb-ft 2.0L GDI twin-scroll turbo 4-cylinder engine
- Drive Mode Select
- 6-speed automatic transmission with SHIFTRONIC® manual controls
- All Wheel Drive with Active Cornering Control

Styling and Safety Features

- Auto-leveling HID headlights with LED accents and Dynamic Bending Light
- High Beam Assist
- LED Daytime Running Lights
- Roof rack side rails
- Heated power side mirrors
- 17" / 18" / 19" alloy wheels
- Chrome-tipped dual outlet exhaust
- Vehicle Stability Management
- Traction Control System
- Lane Departure Warning
- Automatic Emergency Braking with Pedestrian Detection
- Rear Cross-traffic Alert/rear parking sensors
- Electronic Parking Brake
- Automatic Vehicle Hold

Comfort and Technology Features

- Dual automatic temperature control with CleanAir Ionizer
- Tilt-and-telescopic leather-wrapped steering wheel with audio/phone/cruise controls
- Heated steering wheel
- Leather/stain-resistant cloth seating surfaces
- Heated/ventilated front and heated rear seats
- Power driver seat with 4-way lumbar support
- Integrated Memory System for driver
- Power height-adjustable passenger seat
- 2nd-row sliding 40/20/40 split-folding bench with cargo area releases
- 8" LCD touchscreen navigation system
- 5" color LCD touchscreen display with rearview camera
- Multi-view Camera system
- 590-Watt Infinity® Premium Audio System with Quantum Logic® Surround Sound and Clari-Fi™ Music Restoration Technology
- Bluetooth® hands-free phone system with voice recognition and audio streaming
- Manual rear side-window sunshades
- Auto-dimming rearview mirror with HomeLink® and compass
- Amazon Alexa & Google Home voice integration

Popular Features

- All Wheel Drive with Active Cornering Control
- Proximity Key entry with push button start
- Hands-free smart liftgate with auto open
- Automatic Emergency Braking with Pedestrian Detection
- Power tilt-and-slide panoramic sunroof
- Android Auto™ & Apple CarPlay™ support
- Blind Spot Detection/Lane Change Assist
- Smart Cruise Control with stop/start
- Automatic Emergency Braking with Pedestrian Detection
- Blue Link® Connected Car System

2017 Tucson

Powertrain Features

- 164 hp/151 lb-ft 2.0L GDI 4-cylinder engine and 6-speed automatic transmission with SHIFTRONIC® manual controls
- Drive Mode Select
- 175 hp/195 lb-ft 1.6L GDI turbo 4-cylinder engine and 7-speed EcoShift® Dual Clutch Transmission
- All Wheel Drive with Active Cornering Control

Styling and Safety Features

- HID headlights with Dynamic Bending Light
- LED Daytime Running Lights
- Automatic on/off projector headlights
- LED headlight accents
- Roof rack side rails
- Front door handle LED approach lights
- Heated power side mirrors
- Driver blind spot mirror
- 17" / 19" alloy wheels
- Chrome-tipped dual exhaust
- Hillstart Assist and Downhill Brake Control
- Rear Cross-traffic Alert/rear parking sensors
- Lane Departure Warning
- Vehicle Stability Management
- Traction Control System
- Windshield wiper de-icer

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual automatic temperature control with CleanAir Ionizer and auto-defogger
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- Leather-wrapped steering wheel/shift knob
- 4.2" color LCD multi-info gauge display
- 8-way power driver seat/power lumbar
- 8-way power passenger seat
- Power windows with driver's auto-down/up
- Leather/stain-resistant cloth seating surfaces
- Floor console-mounted rear vents
- Anti-theft system with immobilizer
- Front solar control glass/rear privacy glass
- 2nd-row 60/40 split-folding seats with recline function and center armrest
- 5" color LCD touchscreen display with rearview camera
- 8" color touchscreen navigation system
- 315-Watt Infinity® Premium Audio with 8 speakers and Clari-Fi™ Music Restoration Technology
- 3 x 12-volt DC power outlets

Popular Features

- All Wheel Drive with Active Cornering Control
- Automatic Emergency Braking with Pedestrian Detection
- Hands-free smart liftgate with auto open
- Heated/ventilated front & heated rear seats
- Blue Link® Connected Car System
- Android Auto™ & Apple CarPlay™ support
- Power tilt-and-slide panoramic sunroof
- Blind Spot Detection/Lane Change Assist
- LED headlights and taillights

2018 Sonata

Powertrain Features

- 185 hp/178 lb-ft 2.4L GDI 4-cylinder engine and 6-speed automatic transmission with SHIFTRONIC® manual controls
- Drive Mode Select
- 178 hp/195 lb-ft 1.6L GDI turbo 4-cylinder engine and 7-speed EcoShift® Dual Clutch Transmission
- 245 hp/260 lb-ft 2.0L GDI turbo 4-cylinder engine and 8-speed automatic transmission with SHIFTRONIC® manual controls

Styling and Safety Features

- LED headlights with Dynamic Bending Light
- Automatic High Beam Assist
- LED Daytime Running Lights
- Metalgrain- or woodgrain-style interior trim
- 3D tech-style interior trim
- Chrome-tipped single or dual exhaust tips
- Heated power side mirrors
- 16" / 17" / 18" alloy wheels
- Vehicle Stability Management
- Traction Control System
- Automatic Emergency Braking with Pedestrian Detection
- Smart Cruise Control with stop/start
- Lane Keep Assist
- Rearview camera and rear parking sensors
- Electronic Parking Brake
- Automatic Vehicle Hold
- Individual tire pressure monitoring sensors

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual automatic temperature control
- Floor console-mounted rear vents
- Leather/premium cloth seating surfaces
- 8-way power driver seat/lumbar adjustment
- 6-way power adjustable passenger seat
- Sport seat side bolsters & contrast stitching (Limited 2.0T)
- Integrated Memory System for driver seat and side mirrors
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- Leather-wrapped steering wheel/shift knob
- Flat-bottom steering wheel with paddle shifters (Sport and 2.0T models)
- Power windows with front auto-down/up
- 60/40 split-folding rear seats
- 8-way power adjustable driver seat with lumbar support
- HD Radio™/SiriusXM® Satellite Radio with Travel Link® (complimentary trial)
- Blue Link® Connected Car System
- Amazon Alexa & Google Home voice integration
- Bluetooth® hands-free phone system
- Smartphone/USB auxiliary input jacks
- Power tilt-and-slide sunroof
- Manual rear side-window sunshades

Popular Features

- Class-leading interior volume
- Blind Spot Detection with Lane Change Assist and Rear Cross-traffic Alert
- Hands-free smart trunk release
- Ventilated and heated front seats
- 400-Watt Infinity® Premium Audio with Clari-Fi™ Music Restoration Technology
- Android Auto™ & Apple CarPlay™ support
- HERE HD Traffic real-time service
- Wireless phone charging

2017 Sonata Hybrid/Plug-in Hybrid

Powertrain Features

- HEV: 193 net hp 2.0L GDI 4-cylinder hybrid engine with 38 kW high-power permanent magnet motor & 270V lithium-ion polymer battery
- Drive Mode Select
- PHEV: 202 net hp 2.0L GDI 4-cylinder hybrid engine with 50 kW high-power permanent magnet motor & 360V lithium-ion polymer battery with plug-in charging port
- 6-speed automatic transmission with SHIFTRONIC® manual controls

Styling and Safety Features

- HID Xenon headlights
- LED Daytime Running Lights
- LED taillights
- Chrome door handles with welcome light interior accents
- Heated power side mirrors
- 16" / 17" alloy wheels
- Vehicle Stability Management/Traction Control
- ABS with Brake Assist
- Forward Collision Warning
- Automatic High Beam Assist
- Lane Departure Warning
- Rearview camera and rear parking sensors
- Individual tire pressure monitoring sensors
- Electronic Parking Brake/Automatic Vehicle Hold

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual automatic temperature control
- Floor console-mounted rear vents
- Leather/premium cloth seating surfaces
- 8-way power adjustable driver seat with lumbar support
- 6-way power adjustable passenger seat
- Integrated Memory System for driver seat and side mirrors
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- Leather-wrapped steering wheel/shift knob
- Power windows with front auto-down/up
- 60/40 split-folding rear seats
- Auto-dimming rearview mirror with HomeLink® and compass
- 7" color touchscreen audio system
- HD Radio™/SiriusXM® Satellite Radio and Traffic & Travel Link® (complimentary trial)
- Bluetooth® hands-free phone system
- Smartphone/USB auxiliary input jacks
- LED interior lighting
- Manual rear side-window sunshades
- Premium door sill plates

Popular Features

- 8" touchscreen navigation system
- Infinity® Premium Audio System
- Blind Spot Detection with Lane Change Assist and Rear Cross-traffic Alert
- Ventilated and heated front seats
- Power tilt-and-slide panoramic sunroof
- Smart Cruise Control with stop/start
- Hands-free smart trunk release
- Blue Link® Connected Car System
- Android Auto™ & Apple CarPlay™ support

2018 Elantra

Powertrain Features

- 147 hp 2.0L Atkinson Cycle 4-cylinder engine with 6-speed manual or 6-speed automatic transmission and SHIFTRONIC® manual controls
- 128 hp 1.4L GDI turbo 4-cylinder engine or 201 hp 1.6L GDI turbo 4-cylinder engine with 7-speed EcoShift® Dual Clutch Transmission and SHIFTRONIC® manual controls

Styling and Safety Features

- Projector headlights/Daytime Running Lights
- HID headlights with Dynamic Bending Light²²
- Automatic on/off headlights
- LED taillights
- Heated power side mirrors with turn signal indicators
- Bodycolor door handles with welcome lights
- 15" / 16" / 17" / 18" alloy wheels
- 4-wheel disc brakes
- ABS with Electronic Brake-force Distribution and Brake Assist
- Lane Keep Assist
- Vehicle Stability Management/Traction Control
- Electronic Stability Control
- Hillstart Assist Control
- 7 airbag safety with driver's knee airbag
- Automatic High Beam Assist
- Smart Cruise Control

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual zone automatic temperature control with auto-defogger
- Tilt-and-telescopic steering wheel
- One-touch driver's auto-down/up window
- Leather or premium cloth seating surfaces
- Heated front and rear seats
- 6-way power adjustable driver seat with lumbar support
- Leather-wrapped steering wheel/shift knob
- Solar control glass
- Rear seat center armrest with cupholders
- 60/40 split-folding rear seats with adjustable head restraints
- Infinity® Premium Audio System with Clari-Fi™ Music Restoration Technology
- HD Radio™/SiriusXM® Satellite Radio and Traffic & Travel Link® (complimentary trial)
- 8" touchscreen navigation system
- Amazon Alexa & Google Home voice integration
- Bluetooth® hands-free phone system
- Blue Link® Connected Car System
- Smartphone/USB auxiliary input jacks
- Power tilt-and-slide glass sunroof

Popular Features

- Hands-free smart trunk release
- Blind Spot Detection with Lane Change Assist and Rear Cross-traffic Alert
- Android Auto™ & Apple CarPlay™ support
- Automatic Emergency Braking with Pedestrian Detection
- Integrated Memory System for driver seat and side mirrors
- Rearview camera with dynamic guidelines

Standard features and options vary by trim level. Visit Hyundaiusa.com for details.

2017-2018 Hyundai Lineup

2018 Elantra GT

Powertrain Features

- 161 hp/150 lb-ft 2.0L GDI 4-cylinder engine with 6-speed manual or 6-speed automatic transmission and SHIFTRONIC® manual controls
- 201 hp/195 lb-ft 1.6L GDI turbo 4-cylinder engine with 6-speed manual or 7-speed EcoShift® Dual Clutch Transmission
- Drive Mode Select

Styling and Safety Features

- Projector headlights with LED Daytime Running Lights
- High and low beam LED headlights
- Automatic on/off headlights
- High Beam Assist
- LED taillights and rear spoiler
- Heated power side mirrors with turn signal indicators
- Bodycolor exterior door handles
- Multi-link independent rear suspension (GT Sport)
- 17" or 18" alloy wheels
- Lane Keep Assist
- ABS with Electronic Brake-force Distribution and Brake Assist
- Vehicle Stability Management
- Traction Control System
- Electronic Stability Control
- Hillstart Assist Control
- Rearview camera with dynamic guidelines
- Smart Cruise Control with stop/start
- 7 airbag safety with driver's knee airbag

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual zone automatic temperature control with auto-defogger
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- One-touch driver's auto-down/up window
- Leather or premium cloth seating surfaces
- 6-way power adjustable driver seat with lumbar support
- Driver Attention Alert
- Leather-wrapped steering wheel/shift knob
- Rear seat center armrest with cupholders
- 60/40 split-folding rear seats with adjustable head restraints
- HERE HD Traffic real-time service
- SiriusXM® Satellite Radio (complimentary trial)
- Bluetooth® hands-free phone system
- Smartphone/USB auxiliary input jacks
- Amazon Alexa & Google Home voice integration
- Auto-dimming rearview mirror with HomeLink® and compass
- Power tilt-and-slide panoramic sunroof
- Steering wheel paddle shifters
- Solar control glass

Popular Features

- Heated/ventilated front seats
- 8" color audio/navigation touchscreen
- Infinity® Premium Audio System with Clari-Fi™ Music Restoration Technology
- Android Auto™ & Apple CarPlay™ support
- Blind Spot Detection with Lange Change Assist and Rear Cross-traffic Alert
- Automatic Emergency Braking with Pedestrian Detection
- Blue Link® Connected Car System

2018 Ioniq Hybrid/Plug-in Hybrid

Powertrain Features

- HEV: 139 net hp 1.6L GDI Atkinson Cycle 4-cylinder engine with 32 kW (43 hp) high-power permanent magnet motor, 240V lithium-ion polymer battery and 6-speed EcoShift® Dual Clutch Transmission
- PHEV: 139 net hp 1.6L GDI Atkinson Cycle 4-cylinder engine with 45 kW (60 hp) high-power permanent magnet motor, 360V lithium-ion polymer battery and 6-speed EcoShift® Dual Clutch Transmission

Styling and Safety Features

- Active grille shutters
- HID Xenon or LED headlights/LED taillights
- LED Daytime Running Lights
- Integrated rear spoiler with LED brake light
- Chrome door handles with welcome light
- Heated power-folding side mirrors with turn signal indicators and puddle lights
- 15" / 16" / 17" alloy wheels
- Regenerative brakes with ABS and Brake Assist
- Hillstart Assist Control
- Vehicle Stability Management/Traction Control
- Individualized tire pressure monitoring sensors
- Lane Keep Assist
- 7-airbag safety system with driver's knee airbag
- Rearview camera with dynamic guidelines and rear parking sensors
- Electronic Parking Brake
- Interior trim made of eco-friendly materials
- Power tilt-and-slide sunroof
- Smart Cruise Control

Comfort and Technology Features

- Proximity Key entry with push button start
- Dual zone automatic temperature control
- LED interior lighting
- Tilt-and-telescopic steering wheel
- Leather-wrapped steering wheel/shift knob
- Leather or premium cloth seating surfaces
- 10-way power driver seat with lumbar support
- Integrated Memory System for driver seat
- 6-way adjustable passenger seat with height adjustment
- Front seats one-touch auto-down/up windows
- Heated front seats
- 60/40 split-folding rear seats
- Smartphone/USB auxiliary input jacks
- 7" TFT LCD instrument cluster
- HD Radio™ and SiriusXM® Satellite Radio (complimentary trial)
- Bluetooth® hands-free phone system
- Blue Link® Connected Car System
- Amazon Alexa & Google Home voice integration
- Floor console-mounted rear vents
- Rear center armrest with cup holders
- Auto jump-start function (Hybrid only)

Popular Features

- Lifetime Hybrid/Electric Battery Warranty
- 8" touchscreen navigation system
- 8-speaker Infinity® Premium Audio with Clari-Fi™ Music Restoration Technology
- Wireless device charging
- Android Auto™ & Apple CarPlay™ support
- Blind Spot Detection with Lane Change Assist and Rear Cross-traffic Alert
- Automatic Emergency Braking with Pedestrian Detection
- Automatic Emergency Braking with Pedestrian Detection

2018 Accent

Powertrain Features

- Estimated 130 hp/119 lb-ft 1.6L GDI 4-cylinder engine
- Dual Continuously Variable Valve Timing
- Hillstart Assist Control
- 6-speed manual or 6-speed automatic transmission with SHIFTRONIC® manual controls

Styling and Safety Features

- Projector headlights with LED Daytime Running Lights
- Front foglights
- Automatic on/off headlights
- Heated side mirrors with turn signal indicators
- Bodycolor door handles and side mirrors
- 15" or 17" alloy wheels
- Cloth door inserts
- LED taillights
- ABS with Electronic Brake-force Distribution and Brake Assist
- 4-wheel disc brakes
- Vehicle Stability Management
- Electronic Stability Control
- Traction Control System
- Adjustable head restraints for all seating positions
- Front seatbelt pretensioners
- 6-airbag safety: Front, side and head curtain airbags with Occupant Classification System
- Driver's blind spot mirror
- Tire Pressure Monitoring System

Comfort and Technology Features

- Proximity Key with push button start
- Cabin air filter
- Tilt-and-telescopic steering wheel with audio/phone/cruise controls
- Automatic temperature control with auto-defogging
- Power windows and power side mirrors
- Power door locks with remote keyless entry
- Cloth seating surfaces
- 6-way adjustable driver seat
- Leather-wrapped steering wheel/shift knob
- 60/40 split-folding rear seats
- 7" color touchscreen display audio with SiriusXM® Satellite Radio and 6 speakers
- Blue Link Connected Car System
- 2-speed intermittent windshield wipers
- Sliding center armrest storage box
- Map, dome and cargo lights
- Sliding sunvisors with vanity mirrors
- Trip computer

Popular Features

- Bluetooth® hands-free phone system
- Auxiliary input jack & dual USB charging ports
- Rearview camera with dynamic guidelines
- Hands-free smart trunk release
- Power tilt-and-slide sunroof
- Heated front seats
- Forward Collision Warning with Automatic Emergency Braking
- Android Auto™ & Apple CarPlay™ support

Footnotes

1) Based on 2010, 2011, 2012, 2013, 2014, 2015, 2016 and 2017 Brand Keys Customer Loyalty Engagement Index®.

2) Blue Link is complimentary for the first 3 years of ownership and requires an active Blue Link subscription. Three-year term starts from the new vehicle date of first use and is available for new vehicle purchases and leases based upon terms and conditions on the Blue Link subscription enrollment pages. Only use Blue Link and corresponding devices when it is safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees vary by subscription plan and are subject to change. For more on details and limitations, visit Hyundaiusa.com or your authorized Hyundai dealer.

3) Requires Blue Link Remote package, automatic transmission and automatic temperature control.

4) Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc.

5) EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.

6) Automatic Emergency Braking (AEB) with Pedestrian Detection detects pedestrians, but not in all conditions. AEB is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. Automatic Emergency Braking may not stop the vehicle completely and will not avoid all collisions.

7) Optional on Santa Fe Sport and SE models. Do not rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD may not detect every object or vehicle and will not prevent accidents. Rear Cross-traffic Alert is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. Never rely exclusively on the Rear Cross-traffic Alert. Always look over your shoulder and use your mirrors to confirm rear clearance. Lane Change Assist provides an audible and visual alert if the turn signal is activated and another vehicle in the blind spot is sensed. There are limitations to the function, range, detection and clarity of these systems. See Owner's Manual to learn more.

8) TOP SAFETY PICK+ rating for Santa Fe models built after March 2016 is based on an Insurance Institute for Highway Safety Good ratings in the small overlap front, moderate overlap front, side, roof strength and head restraint tests, as well as an Advanced or Superior rating for front crash prevention performed by the IIHS. For details, visit www.iihs.org.

9) Standard on Santa Fe Sport 2.0T models, Santa Fe Ultimate models, Tucson Sport/NIGHT and Tucson Limited. Available on Santa Fe Sport and Santa Fe SE models. The hands-free smart liftgate will open when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere in normal operation.

10) TOP SAFETY PICK rating based on a Good in the 31 mph side-impact crash test, 40 mph moderate overlap frontal crash test, 20 mph rear-impact test and roof strength testing; a Good or Acceptable in the 40 mph small overlap frontal crash test; and an Advanced or Superior rating for front crash prevention performed by the IIHS. For details, visit iihs.org.

11) The 2017 Hyundai Sonata was named one of the Best Family Sedans by Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

12) The 2017 Hyundai Sonata was named Best Midsize Car for the Money by *U.S. News & World Report*. View U.S. News Best Cars at cars.usnews.com.

13) Claim based on comparison of specifications on manufacturer websites.

14) Standard on Sonata Limited 2.0T, available on Sonata Limited.

15) The smart trunk will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere in normal operation of the feature. Please consult Owner's Manual for further details.

16) Smart Cruise Control (SCC) is not a collision avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds.

17) The Lane Departure Warning system with Lane Keep Assist operates above approximately 44 mph and only when the lane markings are clearly visible on the road. It will not prevent loss of control. Refer to your Owner's Manual for more information.

18) Government 5-Star Safety ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (safercar.gov).

19) It is the driver's responsibility to remain alert at all times. Driver Attention Alert is only a warning to inform the driver of a potential lack of driver attention or drowsiness. It does not detect and provide an alert in every situation.

20) MPGe is the EPA-equivalent measure of gasoline fuel efficiency for electric mode operation. Use for comparison purposes only. Mileage may vary depending on driving conditions, driving habits, the vehicle's condition, the age/condition of the lithium-ion polymer battery, and other factors.

21) Heated front seats standard on Ioniq Electric and Plug-in Hybrid, available on Ioniq Hybrid.

22) Dynamic Bending Light standard on Elantra Limited only.

Our commitment to Hyundai owners doesn't end with the transfer of keys. Wherever the road takes you, we've got your back with Hyundai Assurance, an umbrella of services and benefits that includes America's Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features...and more.

Standard features and options vary by trim level. Visit Hyundaiusa.com for details.

See dealer for LIMITED WARRANTY details. Fuel economy estimated by EPA for comparison only. Mileage may vary. While the information contained in this brochure was correct at the time of printing, specifications and equipment can change. Feature comparisons based on competitor information available at the time of printing. No warranty or guarantee is being extended in this brochure, and Hyundai reserves the right to change product specifications and equipment at any time without incurring obligations.
